HUD Sewer Loan Repayment of \$40,000 is Due

One Way for St. Clair Ave. Parkway Ok'd by GC Council

Members of the Special Sewer committee of the Granite City council are to meet this week with the project engineer, H. W. Lochner Co., to determine how a planning loan from the federal Housing and Urban Development agency can be repaid.

Alderman Bartosiak, chairman, said the meeting at HUD's regional office in Chicago last week disclosed the city does owe \$41,000 instead of the anticipated \$20,000. The city had obtained a loan of \$100,000 from HUD for its 1961 planning of sanitary and storm water sewers estimated to cost \$13,000,000, and was under the impression that it was to be repaid on a proportionate basis. Currently under way are projects totaling about \$5,000,000, and the repayment was figured percentage-wise by the city on the \$13,000,000 original plan.

Total Cost Reduced
"We learned at Chicago that the \$13,000,000 figure had been dropped to about \$7,000,000, so the \$40,000 figure is correct," Bartosiak reported. He explained that when the committee interviewed engineering firms for the present projects that the representatives were advised it would be the engineering firms that would repay the HUD loan. "We told them the amount would be about \$17,000 to \$20,000."

Bartosiak added that while the contract with Lochner specifies the repayment with no specific figures, "we're morally obligated to pay the difference. We'll be meeting with the engineers this week to work out something."

He recalled that the difference on the planning loan for the sewage treatment plant also varied, with the engineering firm of Sheppard, Morgan & Schwaab paying \$7000 of the \$12,000 total and the city paying the remaining \$5000.

Double Agreed Amount
Bartosiak continued that the Lochner firm had agreed verbally to pay up to \$20,000, but the \$40,000 figure would be unreasonable.

The committee was authorized to enter into negotiations with the engineer.

In connection with the sanitary sewer project now under construction in North Granite, and to be carried out at several locations in other areas of the city, Alderman Nann asked the committee to study the plans to determine if something could be done for the 2800 block of West 22nd street.

He said stakes are placed along Rock road where homes are connected to distant sewers, and he recommended the plans might be changed to include the West 22nd street block.

Several other questions were asked concerning the connection onto the sewer lines by Alderman Green. He was advised the \$45 tap-on permits are available at the city clerk's office, and that clay pipe is suggested for making the connection.

Funeral Today in Alton

Funeral services were held today in Alton for Mrs. Anna Louise Borchering of Chapin, Ill., who died at 6:45 a.m. Monday at Holy Cross Hospital in Jacksonville. Among the survivors is a daughter, Mrs. Albert (Eather) Graves of Granite City.

One-way traffic at the St. Clair avenue parkway between Willow avenue and Maryville road was approved Monday night by Granite City council members.

A companion ordinance was approved placing stop or yield signs at the intersecting, and crossover streets. Under the one-way system, the south lane of the parkway thoroughfare will be eastbound and the north lane will be westbound.

Placed on first reading was an ordinance that would prohibit left turns by westbound traffic on Niedringhaus avenue and on 20th street into the 1900 block of Edison avenue to travel south.

Last week, the council approved two-way traffic in the 1900- and 1900 blocks of Edison avenue. Alderman Nann called for first reading of the left turn restriction ordinance, and Fry commented that it would be virtually useless for Edison avenue to be two-way in the downtown area if the left turns are prohibited. Voting against the ordinance were Moerlein, Whitmer, Poulos, Fry and Johnson.

No-Parking Zone
A no-parking ordinance was approved for a 150-foot zone on the east side of Bromley avenue south from Edwards street. Alderman Johnson requested an ordinance be prepared for stop signs on Prairie avenue at Ferguson avenue.

Also requested was an engineering survey to determine if any new utility pole installations along the south section of Nameoki road are on private property. Several aldermen said they had received such inquiries.

Alderman Johnson, Street committee chairman, said that another request be sent to the state highway department for repairs to the section of Pontoon road between Vine blvd. and Maryville road adjacent to St. Elizabeth school. The pavement is falling apart and should be replaced. We sent off such a request letter several weeks ago but got no answer," Johnson said.

Rev. O'Guin Speaker at Dormitory Dedication

Southern Bible College, Houston, Tex., has been awarded accreditation by the Accrediting Association of Bible Colleges (AABC). Rev. C. M. O'Guin announced today. This college of the Church of God is the 46th institution in the U. S. to receive the seal. It was founded nine years ago and has a student body of 281 preparing for the gospel ministry and mission field.

The event was celebrated in conjunction with the dedication this week of a new dormitory of 100-student capacity and the annual college banquet, where Rev. O'Guin was the guest speaker. He is pastor of Trinity Tabernacle, Sixth and McNair streets, Madison, and is a member of the board of regents of the Southern Bible College, Houston. Many of the students are from Illinois and the Midwest.

Bank Bag Found

Robert Blagg, 2008 Washington avenue, found a deposit bag of the Granite City Trust & Savings Bank in a phone booth Monday afternoon at 20th street and Niedringhaus avenue. It contained deposit slips and papers belonging to Iona M. Lee, 2633 East 28th street. The owner was notified.

Traffic committee was a recommendation from the state that the city apply for a grant of \$750 matching federal funds to undertake a street and highway safety program.

Alderman Whitmer, chairman of the Police committee said the notification was received by Dale Arnette, chairman of the

city's Citizen Traffic study Commission. He explained the program is being carried out nationwide with states determining the allocations for municipalities.

Mayor Partney commented that the allocation might provide funds for the city to hire once again a traffic engineer.

The grant funds, along with matching city funds, could be used for pedestrian safety measures, traffic controls, driver education programs and studies on accident locations.

A resolution was adopted calling for a dwelling at 2710 Denver street to be repaired or razed.

Vacation Help To be Hired for Treatment Plant

Employment of a man to serve as vacation replacement at the city sewage treatment plant was authorized Monday night by Granite City council members.

Authorization was given for a committee, headed by Alderman Moerlen, and Mayor Partney to make the recommendation to the city council. Approval also was given for the committee to confer with Kenneth Kieberger of Research Planning & Design Associates to negotiate terms for the sanitary engineer post on a consulting basis.

Moerlen pointed out that Kieberger was the only applicant for the post which is required under the bond ordinance for the plant. Mayor Partney said the post has been filled by Edward Juneau of Sheppard, Morgan & Schwaab engineers, who already is in the process of preparing a new budget for the treatment plant operations.

Moerlen complained that one of the two effluent pumps was out of service for five months and another was failing, and that he had never received any engineering reports. He added that he was not aware the budget was being prepared.

Questions Assignment
Alderman Noon questioned the assignment of William Jenkins to the laboratory to run tests, and said he had heard it did not follow the seniority policy.

Plant Supt. Robert Jackson told council members the other men did not want the job. Alderman Fry, a member of the treatment plant committee, said the committee was not aware of any problem and had received no complaints "and the union representative said he would tell us if there were any."

The treatment plant workers are members of the Operating Engineers Union. "There's a proper procedure to be followed if a grievance is to be filed," Fry added.

Nonn continued that he had heard since Jackson was promoted to temporary plant superintendent and Ernest Hubbard as assistant that they had been doing very little work.

Both men were present and said they had full work schedules. Hubbard said that state reports and other records that he had been taking home to do at night, he was now able to do on the job.

John E. Rose, 53, of 1927 Fourth street, Madison, died at 7:30 p.m. Monday at St. Mary's Hospital, East St. Louis, where he was a patient for two weeks. He had been ill with cancer.

A resident of the Quad-Cities since childhood, Mr. Rose was born in Fredricktown, Mo. He was a world war II veteran and for the past 16 years had been employed as a painter at Dow Chemical Co. He was a member of the Central Free Methodist Church.

Mr. Rose was preceded in death by his son, Paul E. Rose, 22, of Granite City, who was killed in an auto-train crash on Nov. 24, 1967, one month after his release from the U. S. Navy. Surviving are his wife, Mrs. Marie Rose; one daughter, Mrs. Dale (Gandra) Shorey of Granite City; his father, George Rose of Lutesville, Mo.; a brother and sister, Harold Rose and Mrs. Elton (Lover) Hahn, both of Granite City; two grandchildren, Cheryl Lynn and Chris Howard Shorey, both of Granite City; his daughter-in-law, Mrs. Sandra Rose of Granite City; and parents-in-law, Mr. and Mrs. Iva McDowell of Dixon, Mo.

Funeral services were held today. Arrangements are given elsewhere in this issue.

Alton State Sets Poster Contest On Mental Health

Schools throughout the 17-county area that Alton State Hospital serves have been invited to participate in a poster contest on the theme, "What Mental Health Means to Me." It is being sponsored by the hospital and Mental Health Association.

A 10-day period from April 28 to May 7 has been designated as National Mental Health Week, with open house at Alton State from 1 to 4 p.m. April 28. The contest will stress the importance of mental health in the lives of young adults.

Rules for entering the contest are: Posters must be received by the hospital no later than April 15, and they will be displayed in the lobby of the administration building. After being judged by a hospital committee, they will be returned to the community to be displayed in various stores.

Posters must be no smaller than 24" x 36". Any type of art material may be used.

Name and address of the entrant should be printed in ink on the back of the poster.

Posters will be judged on originality, relevance to theme, educational value and execution.

First prize will be a \$25 savings bond, and second and third prize awards will be a certificate of merit.

Winners will be notified through school offices, and the awards will be presented the afternoon of the hospital's open house.

Orientation Periods Set at Local Campus

New freshmen and transfer students desiring to enroll in summer classes at Southwestern campus of Southern Illinois University will have a choice of dates to attend pre-orientation, according to Warren Brown, assistant dean of student affairs.

Brown pointed out that each student will receive a notice before April 24 stipulating his options. Three periods have been set aside for the briefings, May 28 and 29, June 3, 4 and 5 and June 12, 13 and 14.

The sessions will convene in the Communications building auditorium under the supervision of the office of student affairs. More than 100 student leaders, volunteers from the present student body, will host the briefings.

Pre-orientation will include class registration, academic advisement, automobile registration, payment of fees, talks on university policy and procedures, ID card procurement and instruction on library use.

The final orientation day for summer classes will be June 17, Brown said. Persons interested in obtaining more information may call the office of student affairs.

Venice Drops Town Fund Levy At Annual Meet

A town fund tax levy was eliminated in its entirety by Venice township officials Tuesday afternoon in an annual town meeting in which an overall tax levy of \$97,251 was adopted for all operational purposes, including road and bridge costs.

Arthur "Cooper" Moore, supervisor of Venice township, said it was the first time since he became supervisor 16 years ago that the general town fund required no levy at all, and that he could not recall any earlier period in which the levy was eliminated.

Sixteen township electors attending the annual town meeting in the Venice city hall approved an aggregate budget appropriation of \$185,491 for the township's 1968-69 fiscal year, and adopted tax levies that included \$70,000 for the general assistance fund, \$19,741 for the road and bridge fund and \$7510 for the municipal retirement fund. Stanley Krakowicki served as moderator.

No further changes were made in the budget and appro-

pration figure of \$185,491 fixed in a public hearing held March 26.

Change Payment System

The electors also approved a series of resolutions changing the method of payment of the town clerk and supervisors from a fixed salary to a per diem basis as required under new state laws.

One resolution fixed at \$15 per diem the fee payable to members of the town board of auditors for days actually served which is unchanged from last year.

Another resolution, however, fixed the per diem fee of the town clerk at \$12 per day, payable only for days served. Previously, the town clerk (Thomas Foley) received an annual salary of \$2400 plus \$300 per year expenses, a total of \$2700.

Another resolution fixed a \$12 per diem fee for the supervisor of the town fund, replacing a previous salary of \$100 per month and expense account of \$100 a month. Moore said the switch from fixed salaries for the town clerk and himself were required under statutory amendments.

A resolution fixing the salary of the town collector (Frank Reidelberger) at \$4000 per year, unchanged from last year, also was adopted.

Firemen Respond to Furnace, Auto Fires

Firemen were called to 2108-11 Benton street at 8:20 p.m. Tuesday when an oil furnace malfunctioned. There was no loss. The property is owned by Lono Ray.

A carbuorator backfire in a 1956 auto owned by David Foster at 2143 Benton street caused \$20 damage at 8:45 p.m. Tuesday.

was adopted, as was a bill authorizing Moore to prepare the township budget for the 1968-70 year.

Town Fund Balance

Moore said that the township was able to eliminate the town tax levy this year because of a balance of \$41,000 left in the town fund from last year. While the appropriation for the 1968-69 year is \$59,062, the \$41,000 balance plus receipt of tax commissions from the town tax collector will provide more than enough to meet appropriated expenses, Moore said.

The supervisor said the township receives around \$25,000 per year in tax commission fees received by the township collector in collection of taxes each summer. He said a substantial balance also should be on hand in the town fund at the end of the next fiscal year, although it won't be as large as that this year.

The tax levy for the general assistance fund was fixed at \$70,000 also because of a balance of \$31,171 at the end of the township fiscal year March 28. Budget of the general assistance fund for the 1968-69 year was approved at \$98,178, up slightly from last year's \$95,070 appropriation.

An appropriation of \$19,741 for the road and bridge fund also was approved, along with a tax levy of the same amount. The electors also approved a municipal retirement fund budget of \$7510, also levied in a like amount.

Council Delays Zone Change for Duplexes

Action on an ordinance to rezone an 11-acre tract of Wilson Park Estates subdivision for construction of duplex dwellings on requests by the two Seventh Ward aldermen.

A delegation of about 25 residents of the Yourees Colonial subdivision immediately west of Wilson Park was present to request the council to take action to meet with the developer to get details of construction and planning.

Spokesman for the group was Lionel Portell, 2840 Michigan avenue. He recalled that about two years ago, several apartment buildings were planned for the site and were opposed, and that Aldermen Jarrett and Robertson are to arrange for a meeting with the developer, the Reinhardt Agency.

From R-2 to R-4

The development was ap-

proved by the City Plan Commission and an ordinance to change the zoning from the present R-2 for single family dwellings to R-4 for duplex dwellings was ready for presentation Monday night.

Council members agreed to wait until after the residents meet with the developer to decide what action is to be taken. The next regular council meeting will be April 15.

The council referred the ordinance to the Seventh Ward aldermen. The meeting of the residents and developer is scheduled for this evening at 7.

\$30,000 Structures

The developer plans a private area with 35 ranch style duplex dwellings to cost an estimated \$30,000 each. The entrance is to be a private drive off Wilson Park drive in the new Wilson Park Estates subdivision.

Each of the 70 units is to contain two bedrooms, living room, kitchen, utility room and bath and will be air conditioned, heated by gas and carpeted. One circle drive, is planned with laterals to parking areas. The drives are to be maintained by the developer.

In addition, the Reinhardt Agency has agreed to right-of-way over the tract for a planned north-south street between 22nd and Amos avenue, paralleling the railroad tracks.

Council members were advised by Alderman Rutledge, chairman of the Zoning and Planning committee, that copies of proposed revisions to the city's zoning code, prepared by Southwestern Illinois Metropolitan Area Plan Commission, now are available for study.

A. H. Adams, 72, Dies; Former Resident

Albert H. Adams, 72, who for the past several years had been confined at the Robert Koch Hospital in St. Louis, died at 5 p.m. Monday. He formerly resided in the Quad-City area.

Before entering the hospital Mr. Adams lived for 13 years in St. Louis. He was a native of Beaver, Mo., and a Army Veteran of world war I. Several years ago, he was employed at General Steel Industries and the Granite City Army Depot. Later, he worked as a hospital attendant. He was a member of the First Assembly of God Church in Granite City.

Surviving are his wife, Mrs. Blanche Adams of Granite City; one son, Cecil Adams of Chicago; two daughters, Mrs. Lee (Lola) Slinger of Edwardsville and Mrs. T. S. (Doris) Murphy of Montgomery, Ala.; 13 grandchildren and one great-grandchild. Several sisters also survive.

Funeral arrangements are given in today's obituary column.

445 Elks Due Here on Fifth Tourney Weekend

The state Elks bowling tournament is now in its fifth weekend. An estimated 445 Elks and their wives are expected to be in the Quad-City area for the newest round of competition.

The seven-weekend tournament will end on April 28. Sixteen teams from Bloomington, two from McLeansboro, two from Streator, 15 from Waukegan, one from Pontiac, three from Robinson, 16 from Carlinville, nine from Kankakee, 13 from Paris, one from Decatur, three from Beardstown, and one from Granite City will try this weekend to take over the lead in the 1968 Illinois Elks tournament.

Leaders in team events are Elks No. 2 of Salem with a total of 3129; Temple Sporting Goods, Moline, 3165; Gembok of Elmhurst, 3087; Roller Derby, Litchfield, which has taken over fourth place with 3064; Harbor Federal, Blue Island, newly in fifth place, 3060; Bob's of Monmouth, fourth place last week and now sixth with 3079; Litchfield No. 2, newly in seventh place with 3073; Dalton No. 1, newly in eighth place with 3070; Heineman Trophies of Springfield, slipped to ninth place from fifth with 3068; and Oglesby No. 1 team, tenth with 3062.

Tarris Seventh
Top ten individual leaders are Sid-Tresner of Monmouth with 715; Charles Stanton of Monmouth 694; George Hamilton of Peoria 688; J. Mischke of Cicero-Berwyn 687; R. Berger of Centralia 680; M. Dick of Waukegan 679; Bill Tarris of Granite City seventh with 678; and tied for eighth P. Trotta of Elmhurst, B. Hofstetter of Chicago North and B. Weeks of Springfield, each with 676.

Double leaders are Claude Martin and Edward Rustrum of Urbana with 1340; Richard Goetten and Cebel Miller of Jerseyville 1331; Harold Fish and Bob Rueter of Dixon 1306; S. Gilmore and J. Blevins of Mt. Carmel 1302; R. Herman and Mel Schick of Elgin 1300; Marion Kuhlmann and R. Johnson of Elgin 1300; O. Shobe and L. Martin of Effingham 1299; Charles Jume and Herman Smith of Elgin 1294; Charles Whitten and David Berstadt of Salem 1293 and J. Hill and L. Matousek, 1283.

Singles and doubles will be bowled at Brunswick Tri Mor Bowl and all team events will be rolled at Bowland lanes.

Saturday Schedule
The team bowlers Saturday will start at 1 p.m. as Elks from Bloomington roll on lanes 1-16 and McLeansboro on lanes 17-18.

At the 3:30 p.m. Saturday session, Streator teams will be on lanes 1-7; Watseka 3-7; and one 1, newly in eighth place with 3070; Heineman Trophies of Springfield, slipped to ninth place from fifth with 3068; and Oglesby No. 1 team, tenth with 3062.

Among those bowling singles and doubles in the 1 p.m. Saturday session will be Jim Coyne and Marvin Morris of Granite City.

Competing at 4 p.m. Saturday in singles and doubles will be Paris on lanes 1-22; Robinson on lanes 1-22; and Beardstown on lanes 1-22.

Warriors Top Track Tigers

Winning its second straight outdoor track meet, GCHS topped the Edwardsville Tigers here Tuesday 68½-58½.

The track was slow because of the damp weather and all times were higher than the previous outdoor meet.

Gary Oxford was second in the two-mile run in 10:55.7. Dave Mullinax won the 120-yd. high hurdles in 15.9 and Mike Allen was third in 16.8. Jim Jones won the 100-yd. dash in 10.6 and Carl McDowell was fourth in 11.0.

Richard Hull placed second in the 880 in 2:07.3 with John Frazier third in 2:09.3. The 800 relay team was first—John Tyler, Bob Zaruba, Dave Mullinax and Jones—in 1:40.5.

The Warriors took all three places in the 440-yd. dash as McDowell won in 54.5, Ralph Rojas was second and Rick Cardwell third.

Mullinax won the 180 1/2 hurdles in 21.2; Mike Burris placed second in the mile run in 4:46.7; Jones won the 220 with a time of 23.3 and Mark Lakatos tied for second.

The Warrior mile relay team won in 3:46.1; members are McDowell, John Tyler, Richard Hull and Rojas.

Robert Barthelmey won the shot put with 45'10½" and Dave Salitch was third John Tyler was third in the long jump at 18'3½".

Salitch won the discus throw at 137'7". Mark Twittemeyer, Bill Carrier and Charles Campbell tied for second place in the pole vault at 9'6"; the winner from Edwardsville, Wallace, cleared 12 foot.

THE MADISON COUNTY SPORTSMAN

By DON HASTINGS
County Conservation Officer

Let's jump around a bit to the various things about which I am getting a lot of calls.

First, regardless of what you have heard and regardless of what is written on the license, you cannot legally use a pole and line or rod and reel with just a trot line license.

Any equipment, pole and line, jugs, bank lines, throw lines or trot lines, must have your name and address on them, if you leave them unattended.

Gun Registration Law
A second topic is the new gun registration law that will come into effect July 1.

This is not a conservation law and has no connection with hunting except that hunters own guns. The law was passed by the legislature and there is a special department of the state to administer it.

I have nothing to do with administering this law. But since I continue to get calls, here is what I have read in a pamphlet which has been prepared.

I want to emphasize that I do not speak as an official.

It is my understanding that any person who possesses a firearm from a 22-caliber pellet gun on up must register it.

It makes no difference if you own one gun or a dozen.

It makes no difference if you

hunt or use the gun at all. As long as you possess it, you must register it.

Application Blanks May 1
Application blanks will be available about May 1 at locations to be announced. I would assume that most places which sell guns and ammunition will have them.

You can obtain one and send it in to the designated place in Springfield. If you qualify under the law, your permit will be mailed back.

You will have to display it when you buy a gun or ammunition and must have it with you when you have a gun in your possession. It will cost \$5 for five years.

Persons under 18 can get a permit if the parent has his permission. A picture must accompany the application.

Advice on Wild Animals
I would simply wait until May 1 and watch the papers or ask a game warden and sporting goods stores.

Last, but not least, watch out for wild animals which appear to be sick or friendly in towns.

I have had several reports this week of sick snakes and raccoons coming to houses. Keep children and pets away from them and call authorities.

Errors Beat Trojans, 9-5

The MHS baseball team lost to the East St. Louis Flyers 9-5 here Monday afternoon in a non-conference pairing.

Truman Coach Lawrence Burns said, "I'm glad we were able to play schools bigger than we are before going into our first conference game. The sad part is that we haven't been beaten—we have beaten ourselves. We have committed too many errors." MHS tied Assumption 6-6 last week.

Madison came to bat in the first trailing but at the end of the inning led 4-1 on singles by Jim Scott, Bill Campbell, Don Bunk, Bob Scott and Dale Clinton. The Flyers tied it in the second.

In the fourth the Trojans took a 5-4 lead on singles by Dale Clinton and Howard Hark and a sacrifice fly by John Ervin.

The sixth inning saw the Flyers score four runs on two hits, two errors, two walks and a sacrifice fly. The Trojans scored three runs on two hits, two errors, two walks and a sacrifice fly.

The Trojans pounded nine hits but made seven errors, while the Flyers had five hits and made two errors. Don Bunk was the loser, pitching five innings while giving up two hits, striking out five and walking three. Mike Milkovich started, allowing three hits fanning one and walking three.

GC Blues Tickets Gone
The Granite City park district announced today that it is "soldout" of tickets for the Stanley Cup preliminary playoffs between the St. Louis ice hockey Blues and the Philadelphia Flyers beginning tonight; first game at St. Louis is next Monday. These holding tickets are being reminded that the bus will leave from the Wilson Park at 6:30 p.m. April 8, 10 and possibly 14.

Cage, Mat, Soccer Warriors Honored

The Fighting Warriors were honored at the semi-annual athletic banquet Monday evening at Granite City high school cafeteria. Members of the basketball, soccer and wrestling teams were honored guests for the occasion.

Main speaker was Paul M. Lambert, head basketball coach at Hardin-Simmons College, Abilene, Tex. The school that jayvee basketball coach "Skip" Hastings will move to next year.

Lambert stressed how important it is for members of a team to follow instructions. An example cited was a basketball team ahead by one point with a minute to play. The coach gave instructions not to shoot, but with five seconds to go one of his players shot and was fouled. He missed the free throw and the other team scored and won.

"It is how you play that counts," he commented. "People remember the effort they see as well as the final score."

Coach Don Detering said that next year the Warrior cage team may center around two defensive men, Rich Hutchings and Tim Moore. He called Gary Simpson one of the quickest players he has coached and noted that John VanBuskirk led his team in assists; "when a player forgets about himself and concentrates on helping his team, he is a great asset."

Simpson "Mr. Basketball" Lettering were seniors Jeff Jones, Gary Ridenour and Mike White; juniors Roger Belshe, Rich Hutchings, Gary Simpson and John VanBuskirk; sophomores David Moller and Tim Moore; and managers Dale Belcher and Jim Shepard.

"Mister Basketball" honors and a free throw trophy were won by Simpson.

Wrestling Coach Bill Schmitt quipped that GCHS "set a lot of records this season which I hope no other team tries to break."

Champions Despite Injuries

He was referring to the injury-riddled club and the hardship in getting its winning season started. He praised the team for winning the regional and sectional and sending four to the state meet.

Lettering for the wrestling squad were seniors Pat Brees, Bruce Cripps, Dempsey Cross, Russell Hamilton, Paul Hoffman, Ronald Hopper and Gary Oxford; juniors Mike Christpher, Robert Miller, Tom Niebur, Robert Pates, Drew Sharps, Ricky Smith and Tim Wallace; sophomores Allen Bridgeman, Dan James, Leonard Wilson and Frank Melstic; and managers Don Durbin, Charles Hilleman and Gus Lignoul.

Winning the trophy for the most pins recorded in the season was Smith. Hoffman was chosen as "wrestler of the year."

Soccer Lettermen

Soccer letter winners were seniors Mike Weiser, Mace Rodgers, Adrian Martinez and Gary Mafford; juniors Thomas Cholevik, Jim Rollins, Harold Thick, Robert Thraur and Edward Hagauer; sophomores John Winfield, Richard Schardan, Dennis Reubach and Robert Canada; and managers Michael Boyer and Richard Diak.

Soccer player of the year honors were won by Harold Thick.

GCHS Golfers Win Opener

The Granite City high school golf team won its initial match against Bethalto Tuesday afternoon 155-178. The Warriors registered five birdies in the match.

Par for the Cloverleaf course is 35. Chip Green shot a 37, Dan Jenkins 37, Ron Shepard 38, Herman Schermer 43 and Larry Knox 45.

Green birdied holes four and nine; Jenkins, No. 7; Shepard, No. 9; and Knox, No. 6.

A meet at Wood River scheduled for yesterday was canceled because of rain.

Tomorrow's meet against Edwardsville will start at 4 p.m. The location has been changed to the Sunset Country club, instead of Rock Springs.

Weather Postpones Some Games, Meets

A Granite City high school baseball game at Wood River was postponed Tuesday afternoon because of wet grounds and chilly weather. Also not played were a sophomore baseball game and a Warrior tennis meet on the Oilers' courts.

The tennis event was canceled because the Oilers do not have a varsity tennis coach as yet. If a coach is found, the match is to be rescheduled.

The Madison high school sports schedule for Tuesday also was postponed. Trojan baseball teams were scheduled to play against Roxana at the Shell's field and the MHS track team was scheduled to run against Triad and Bethalto at Triad.

The Trojan tennis team had its meet at Bethalto Wednesday afternoon canceled because of the rainy weather. There are no plans to reschedule the meet.

3 Mayors Praised by Boilermakers, Smith

International Boilermakers Union and A. O. Smith Corporation commendations have been received by all three local mayors, it was reported this week by Madison Mayor Stephen Maeras. They aided in settling a strike and in persuading the firm to retain its local plant.

He and Mayor John E. LeMay of Venice and Mayor Donald Partney of Granite City were members of a citizens' committee that met with union and company representatives separately; they also sat in on joint talks.

special education board . . . WK the preliminary planning has been coordinated by Harold Theodore, Granite City schools special education director.

Joint Meeting in 3 Weeks
Initial meeting of the special education co-op executive board may take place during the week of April 22-26.

Article 14 of the Illinois School Code compels formation of joint programs serving no less than 15,000 students.

The state originally proposed a county-wide program, but the regional approach developed at local institutions has been ruled by the Advisory Council on Education of Handicapped Children.

Meeting both the letter and intent of the law.
Region II will consist of Edwardsville, Collinsville, Highland, Worden and Livingston.

Region III will be composed of East Alton, East St. Louis, Wood River, East Alton, Wood River high school, Roselle, Wood River, all of Madison county, the Southwestern district in Macoupin county, and all of Jersey county.

Estimated enrollment totals are 20,243 in Region I, 20,173 in Region II and 34,613 in Region III. The division was based on geography, growth factors and the fact that the three regions already are cooperating on various programs.

Not All Served Now
Reason for the law, as explained by the Madison County Special Education Advisory Committee, headed by Duane Weber, is that "not all handicapped children have received the services they need. Too many are allowed to remain in the regular classrooms because the district cannot find a facility for them. Transportation is not available, the child remains undisciplined, or there is no one to care for him in existing programs."

Only three of the 17 participating school districts have full-time qualified special education administrators.

Administrators, psychologists, social workers and other personnel are to be employed on a regional basis.

In addition to each school system retaining a voice in the decisions, the three regional administrators are to meet regularly with Council on Superintendents.

Wilbur R. L. Trimpe to aid county coordination.

Countable calls for employment of a regional director in this school year, with two Region I psychologists chosen for the 1968-69 year.

Supervisors for each specialty and possibly a general supervisor are to be hired by July 1, with social workers hired for this fall. A target date for pre-conviction coordinators has not been set.

Serve 2382 Students
In addition to the 404 in the socially maladjusted category, the project 524 group in the Quad-Cities also includes 404 educable mentally handicapped, 202 with learning disabilities, 202 emotionally disturbed and 1012 needing speech correction.

The 3-21 age bracket lists 20 physically handicapped, 20 deaf and partially deaf, 20 deaf and hard of hearing, 10 multiply handicapped and 50 physically handicapped (home and hospital instruction).

Region I supervisors serving under a director are expected to include one for EMH, 1012, one for speech correction and one for the emotionally disturbed. Joint agreements are to be continued or are to be signed on physical and multiple handicaps and vision and hearing defects.

Although financial limitations may force a cutback, the plan submitted to the state calls for a Region I staff by this fall of the following teachers: EMH 15, trainable 20, socially maladjusted 13, learning disabilities 11, emotionally disturbed one to three, speech nine and social workers, four.

Similar figures for September 1968 are 20, 20, 20, 15, 20, three to five, 11, and five.

Trades Council Names School Board Choices
The Tri-City Trades and Labor Council endorsed candidates for the April 13 Granite City school election during a meeting last night attended by 30 delegates of unions, Edwin Reiske, president.

Those endorsed are Arthur "Pete" Metcalf, incumbent, for a one-year unexpired term, and George Moore, incumbent, and Harold Davis and Richard Roberts for three-year terms.

Univah Scout Dinner
A joint dinner meeting of Univah district members and commissioners is set for 7:15 p.m. today at Petr's Restaurant. Work sessions for operating committees are planned.

Theodore Graham Dies at Age 65

Theodore L. Graham, 65, of 2024 East 24th Street, died of an extended illness at 3:30 a.m. Wednesday at the Carlinville Area Hospital, Carlinville.

Mr. Graham had been ill ten years and for the past two years was a patient at the La View Nursing Home in Carlinville. His condition worsened last week, and he was admitted to the hospital a week ago.

Born in Middleton, O., Mr. Graham moved to the local community with his parents at the age of two months. He was a charter member of the Granite City Order of DeMolay and served as its first member signed to the local chapter upon its inception in August 1921.

Mr. Graham was employed at Granite City Steel Co., prior to joining Local 98, Building Trades Union, in Carlinville. He was a member of the local chapter until his death in August 1967.

NAAACP Fund-Raising Tea To Be Sunday at Venice

Hugh Hairston, chairman of the NAAACP fund raising tea, presided at the final planning meeting on Tuesday evening at the Bethel AME Church in Venice.

The tea will be held from 3 to 5 p.m. Sunday at the Venice school, and tables will be decorated in themes of the 12 months. Prizes will be awarded to the most outstanding table by judges, Andre

Gitchco, Mrs. Louise Simmons of the East St. Louis Chapter and Mrs. Rosetta Harris of the Edwardsville Chapter.

Miss Fannie Jones, a school teacher for the past 22 years, will be the principal speaker. A guest speaker is expected to be the Franklins School, East St. Louis, she is a candidate for clerk of the Illinois State Bar Association in the June 11 Democratic primary election.

the Hodge-Butler Act might be restored. He noted that the city rate for Madison is \$1.03 and the Venice rate is 94 cents.

Tax Rate Adjustments
The city of Madison is adjusting several tax rates for the year to get limited added revenue. The committee usually is paid on the consumer. He said other cities in the area—Alton and East St. Louis—have added income a year through the tax.

Alton estimated the three-year agreement proposed by the police department would cost the city \$25,000 to \$30,000. In presenting it to the council, Whitmer remarked, "I can't say the police are not worth it, and I can't say they are not worth it. I asked that a negotiating committee be set up to negotiate with the police. It is the proposal given the Police committee."

Alderman Fry, chairman of the Fire committee, said his group was in actual negotiations with the firefighters union but that no agreement had yet been reached. All city-employee agreements expire May 1.

The police union proposal calls for a patrolman to be raised from the present \$270 a year to \$300 a year, or 11% (\$3640). "The union says this would put the pay on a par with the police level," Whitmer added.

The proposal for longevity pay is for the 3% for one to five years, 5% for six to 10 years, 7% for 11 to 15 years, 8% for 16 to 20 years, 9% for 21 to 25 years, 10% for 26 to 30 years, 11% for 31 to 35 years, 12% for 36 to 40 years, 13% for 41 to 45 years, 14% for 46 to 50 years, 15% for 51 to 55 years, 16% for 56 to 60 years, 17% for 61 to 65 years, 18% for 66 to 70 years, 19% for 71 to 75 years, 20% for 76 to 80 years, 21% for 81 to 85 years, 22% for 86 to 90 years, 23% for 91 to 95 years, 24% for 96 to 100 years.

Included in the police union request is pay for overtime and for time spent in court. The present seven paid holidays would be increased to 10. The city's fiscal year ends on the officer's birthday.

The study pointed out that the city's police department is a center campus, as urged by the U. of I., would require at least nine years at a cost of \$40 million.

Instead the report recommends establishment of a \$10 million dollar institution of the U. of I. campus geared to research and training of faculty for new and old.

Incorporated in the report were many parts of a plan submitted by SIU when the Higher Education Board proposed a medical education program last year.

Urged Clinical Centers
To save time and money, SIU's plan recommended development of clinical teaching centers in areas where hospital and related facilities already exist in certain areas of the Quad-Cities, and the teaching in qualified universities of some of the medical school courses which in effect are duplications of biological and other courses already offered in universities which attract top personnel to the area.

Also suggested by SIU was the elimination of some of the courses which are outdated, and the recommendation that acceleration of progress by students be made possible by the use of more medical practice.

Action on the study is expected to be taken by the Board of Education following a series of public hearings next month. Tentative dates for the hearings include: Springfield, April 3; Urbana, April 30; DeKalb, May 1; Edwardsville, May 3, and Chicago, May 5.

A principal aim of the program, the report said, would be to encourage students to stay in the state. Current statistics show that 60 percent of the doctors obtaining degrees in Illinois go out of the state to practice.

School Forum, Agriculture Dinner Planned

Attention was called to a Granite City school board meeting at 8:30 p.m. Wednesday, April 10, in the Coolidge junior high school cafeteria. The first meeting of the Tri-Cities Chamber of Commerce directors Tuesday night at the Rose Bowl.

Also discussed was the annual Chamber business luncheon at 12:30 p.m. Wednesday at the Granite City high school cafeteria. Speaker is Leonard Gieseler, assistant to the president of the Illinois Agricultural Association. Reservations may be made at 876-6400.

Henry Gabriel, chairman of the Transportation-Land Use Committee, said a new study of state highway engineers indicate that traffic problems are likely to be solved by the U. of I. 121 intersection with Niedringhaus avenue.

Major was charged with aggravated assault and possession of instruments for use of narcotics and Hemingway was charged with disturbing the peace and unlawful use of a weapon.

Police said several shots were fired in the Weaver street area. Both men fled when police arrived and officers gave chase on foot, capturing the pair at the 1200 block of Webster street.

Hemingway told officers that Major had been shooting at him in the 1200 block of Webster street. Hemingway had fired a shot from a 12-gauge shotgun.

Hemingway led officers to a shed in the 700 block of Webster street where police recovered a .38 Smith & Wesson .38 S&W caliber pistol. He said had been discarded by Major. Later Hemingway told officers that he had fired the shot from the 1200 block of Webster street where he turned his shotgun over to officers.

Police said Major, at the time of his capture, was seen to throw away a small bag which was recovered and found to contain a .38 Smith & Wesson .38 S&W caliber pistol. The equipment used in the injection of narcotics.

Two Autos Collide
Auto driven by Virgil Littlejohn, 2000 Madison avenue, and Joyce L. Todd, 5410 Madison street, collided at 7:40 a.m. today at 20th and State streets.

Dignitaries Sign Jaycees Americanism Week Scroll

Granite City Jaycees' plans for an Americanism Week observance here, which they hope will spread across the nation June 19-23, received the support of other local organizations last night.

Officers of the city and veteran and civic groups signed a large scroll to be presented to the Jaycees at a luncheon to be held at the Jaycees headquarters at 1509 Pontoon road, in a motorcade that was delayed by last night's storm.

Signers of the scroll, which urges the President to proclaim June 17-23 as Americanism Week, was signed by Mayor Partney, Harold Mantie sr., president of the Jaycees, and other dignitaries.

County Defends Sanatorium; Dr. Ventura to Stay

The Madison county sanatorium board and county superintendent of health yesterday unanimously rejected the resignation of Dr. Luis Ventura, director of the facility, as agreed with his contention that state health officials were wrong March 29 in implying that the tuberculosis sanatorium is substandard.

Dr. Ventura will continue his duties. The board consists of President George Schneider Jr., Louis Gleiber and Dr. Eugene Moore; committee members are Chairman Charles Hirsch, Arthur Moore, George Roberts, Howard Sparks and Frank Schoen.

The resignation was in protest to remarks by two Illinois Public Health Department officials at a conference called by the board of supervisors steering committee on state sanatorium requirements and proposed revision of the sanatorium into a county nursing home.

The sanatorium was previously accredited recently for a three-year period by the Joint Commission on Accreditation of Hospitals, highest ranking agency in its field in the U.S.

Dr. Ventura agreed with unfavorable economic projections only 18 of 95 sanatorium beds are occupied, and all 59 nursing home beds are in the waiting list. He said he resented the state calling it "below standard" when his own staff was rated.

He added that there is reduced need for sanatoriums due to medical gains.

Wedding plans are indefinite.

DORCAS CLASS MEETS IN CHURCH PARLORS

The Dorcas class met Tuesday evening in the parlors of the First Baptist Church with Mrs. Imogene Claxton, vice-president, presiding in the absence of the president, Mrs. Sibyl Lowrance. Mrs. Lowrance was taken ill while visiting her daughter in Rochester, N.Y.

Mrs. Dena Kampschneider led the opening prayer, and Mrs. Iva Olive gave the devotional on "The Resurrection."

Following the meeting, there was a social hour with a late luncheon served by Mrs. Orla Nelson and Mrs. Florence Medcalfe to those named and to Mrs. Eleanor Bacon, Mrs. Rose Mott, Mrs. Dorothy Daigger and Mrs. Katie Penneck.

PAST PRESIDENTS' PARLEY PLANS DINNER

Past Presidents Parley Unit 113 of the American Legion met Monday evening at the hall, 24th street and Madison avenue, with Mrs. Mildred Rees, president, conducting the business session.

Prayers were led by the chaplain, Mrs. Evelyn McCollegan. Eighteen members attended.

Mrs. Rees announced the Past Presidents dinner party is to be held in Wood River on April 30 at 7 p.m.

The meeting adjourned for the social hour with Mrs. Eureka Brockbridge as hostess. She used Easter colors in decorating the tables using fresh cut arrangements of jonquils for centerpieces. Each member won a prize in the evening games.

Stern-Mansfield Engagement

The betrothal of Miss Ruth Ann Mansfield and Joseph E. Stern is being announced this week by her parents, Mr. and Mrs. Charles Mansfield, 2113 Alton street, Madison.

The prospective groom is the son of Mr. and Mrs. Charles Stern, 1001 Washington avenue, and is presently serving with the Navy, stationed at Alameda, Calif. A graduate of Madison high school, he has just recently returned from Vietnam where he was crew chief on the USS Intrepid.

Miss Mansfield will be graduated from Madison high school in May 1968. Tentative plans are being made for a summer wedding.

Sound Economics Is Unit's Topic

Mrs. Shirley Schillinger and Mrs. Florence Rapp presented the major lesson at the monthly meeting of the Trio Unit, Madison County Homemakers Extension Association, Tuesday at Hope Lutheran Church.

They spoke on "Choice-Making, the Key to Economic Soundness in the Home." A dessert luncheon served by Mrs. Villa Riding and Mrs. Velma Neumann preceded the meeting conducted by the chairman, Mrs. Ruth Brave. Twenty-six members and two guests, Mrs. Euphie Tarris and Mrs. Juanita Dean, attended.

A "white elephant" sale was conducted followed by the selected subject lesson presented by Mrs. Marjorie Lybarger on "Asparagus."

Mrs. Jerry Short gave the treasurer's report and Mrs. Virginia Little spoke on the 4-H club program. Mrs. June Law announced a county meeting will be held April 22 in Edwardsville on the topic, "Your Child and Food He Eats." She also told of a dairy promotion program which will be conducted in Edwardsville on April 19.

Mrs. Mary Markham completed arrangements for a Craft Day to be held on May 7 at 9:30 a.m. at Hope Lutheran Church. Those who plan to attend are to have a sack lunch as Mrs. Catherine Mauck, extension advisor will speak in the afternoon on "Window Treatment."

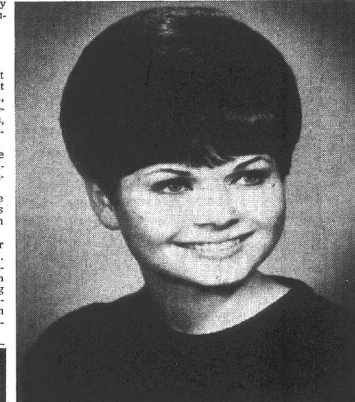

Other members attending were Mesdames Pearl Anderson, Fay Briggs, Marjorie Chalupny, Pat Cuvor, Edna Bueger, Ivan Graklanoff, Sara Huber, Kinney, Virginia Little, Kaye Niles, Ellen Ozanich, Helen Schaefer, Clara Schillinger, Dorothy Schanuel, Jerry Short, Lela Sechtig, Rose Stearns and Lillian McRaven.

Senior Citizens Attend Shows

Thirty-five members of the YMCA Senior Citizens Club boarded a chartered bus Tuesday to attend the television shows in St. Louis.

Mrs. Ethel Seymour received a white orchid for being the "grand lady," and Mrs. Orla Nelson received the afternoon prize, a shopping bag filled with kitchen products.

Others attending were Mesdames Pearl Kinsley, president, Mabel Fouke, Lucille Webb, Hedvig Lenz, Mary Scoggins, Neil Montgomery, Fern Eggeley, Louise Miller, Rose Sadler, Margaret Stewart, Chloé Maxon, Myrtle McDowell, Jewel Ratliff, Ruby Pfaff, Mary St. Ivany, Blanche Ritberger, Maude Sweezer, Pearl Rice, Kate Alexander, Naomi Rorkey Irene Mike, Josephine Fell, Ora James, Theresa Dear, Ann Goppert, Bernice Banda, Augusta Pender, Anna Kuruz, Alma Davis, Esther Langolf, Clara Ledbet, and Mrs. and Mrs. Lee McEwe.

MISS LINDA SABO, daughter of Mr. and Mrs. Ted Sabo, 2654 Adams street, and the reigning Miss Granite City, whose engagement to Kenneth Earl Hunter is being announced. Both are Granite City school graduates; she is employed at the Trust Savings Bank and he at the AirTr Aluminum Foundry, St. Charles, Mo. His parents are Mr. and Mrs. Oran Yates, 2445 Jerden avenue. A July wedding is planned.

Maudy Thursday Will Be Holiday In Venice Schools

Venice school board members, meeting in a regular session Monday evening, declared Maudy Thursday, April 11, as an official school holiday, authorized use of school facilities for several events, and approved attendance by student delegates at the Illinois Association of Student Councils convention in Chicago.

Permission was granted to the New Salem Baptist Church to use the Lincoln vocational school for the annual church banquet on Saturday, May 25.

The Lincoln gymnasium will be used Saturday, June 22, for a coronation ball sponsored by the Lovejoy Neighborhood Economic Opportunity Commission Advisory Committee. It will be held in conjunction with a three-day homecoming celebration.

Band President Michael E. Leatherman Jr. said outside groups utilizing school buildings should be reminded that payment of janitorial services is required for all approved functions.

Band 'Pop' Concert
Authorization also was given to Donald Mancini, band director for Venice schools, to use the Venice grade school gymnasium Tuesday evening, April 23, when high school and elementary band students will combine to present a "pop and chris" concert.

Tickets, priced at 70 cents a person, currently are being sold by students. The event will feature an informal, cafeteria atmosphere.

Patrons will be served soft drinks and potato chips while seated at small tables situated in the auditorium.

Supt. John O. Pier reported the contents of a letter received from Granite City Army Depot military personnel. It expressed appreciation for use of the school building for recreational purposes.

The letter said a marked improvement in morale and physical conditioning was noted among troops utilizing the gymnasium. It voiced hope that a similar arrangement will be approved by the board next year.

Valuation Down: Rise Seen
Supt. Pier said that figures provided by Miss Eulalia Holz, Madison county clerk, show that assessment in the 1967 tax year (1968 collection) amounted to \$55,663,826.

The new assessed valuation is down \$1,682,254 from the previous year. Leatherman commented that several new projects in the Venice area will probably result in the loss of assessment being regained next year.

Board members authorized Supt. Pier to allocate and administer approximately \$119 in Title II funds and approved repayment of \$2560 from the bonds and interest fund to the working cash fund.

Permission was granted for Venice student council members, Margie McGarran and Rosemary Daniels, to attend the state student council conference in Chicago April 18-20, accompanied by a faculty advisor, Ronald Ganschietz, and an alternate delegate, Joan Pickens.

Assistant Supt. Robert N. Vickers reported that Ganschietz recently was appointed workshops director for the state student council organization and also holds the position of student advisor-at-large in the association.

Basketball Team Banquet
Supt. Pier announced that members of the Venice Red Devils squad will be honored at the school's annual basketball banquet Thursday, April 18, at Augustine's restaurant, Belleville.

**Howard Pirtle, 61,

It's Tri-City's 54th Birthday

1914-1968 From Here "N" Wagon to Space Age Astronaut!

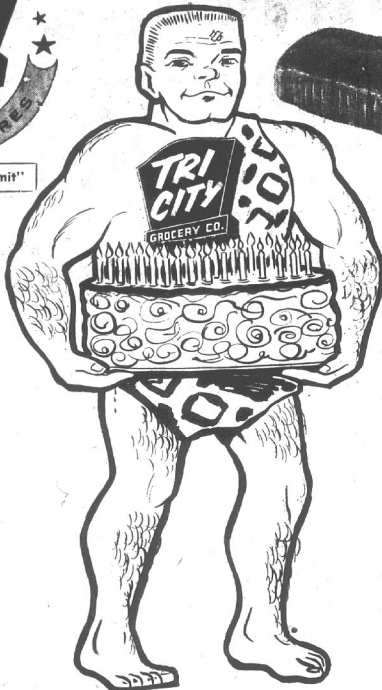

54 Years may seem like a long time to most people, and it is, over a half century spanning two World Wars and including some of the greatest scientific discoveries of all time.

We are enormously proud to have been in business for this length of time, and pleased to have been able to serve three generations of fine customers.

Early in 1914, we started with one store in Granite City (renamed several times "is still operating," while our customers were singing W. C. Handy's new song hit, "St. Louis Blues." In Detroit, Henry Ford set a new standard for labor wages with a fixed \$5 minimum for an eight hour day. It's said those were the "GOOD OLD DAYS." . . . We think that TODAY are the "GOOD OLD DAYS!" "ASPARAGUS IS 'IN'!"

Second-century explorers, returning from a trip to Libya, claimed they had personally seen asparagus stalks 12 feet high! The Romans, not to be outdone in any department, claimed that their asparagus stalks achieved a weight of three pounds each.

Even though these reports are as startling as they are improbable, it's certainly true that the asparagus has been honorably regarded for thousands of years. Apparently the bon-quet loving Romans understood how to cook the green stalks as well as to grow them in August's time, the phrase "quicker than asparagus cooks" indicated any speedy operation.

An asparagus bed takes about 3 years to establish itself, but once established its rate of growth puts the proverbial weed to shame... 4 to 8 inches growth a day is not uncommon in a cooperative climate.

Did you know that two of the best asparagus growing areas in the world are in Belleville and Godfrey, Illinois. The asparagus from these areas will be in our stores in the next four or five weeks "just as soon" as it is cut... So you can save yourself a trip to the farm by getting it FRESH at TRI-CITY.

It's Fresher by Far at Tri-City Groc.

Chouteau Twp. Tax Levy Down; Junker Fee Hiked

Chouteau township tax levies of \$18,000 for the town fund and \$10,700 for the general assistance fund showing a total decrease of \$2000 from the previous year, were approved at the annual town meeting Tuesday afternoon in the township hall.

The annual budget totaling \$143,400 for 1968-69 was approved without change from tentative figures. Included were \$27,400 for the town fund, \$22,110 for the general assistance fund, \$42,450 for the road and bridge fund, \$41,300 for the permanent road fund and a \$10,000 for the equipment and building fund.

Walter Sparks, township supervisor, told about 20 electors present that the new tax rate is reduced 13 mills from last year, down from 12.4 to 11.1 cents due primarily to increased assessed valuation of about \$3½ million.

Road Budget Scored
Some electors criticized a \$12,400 increase in the road and bridge fund and \$2,000 hike in the permanent road fund established last year for four years.

James Estes, highway commissioner, explained that his department has been operating on tax anticipation warrants, that the township has been losing money on interest and that attempts are being made to operate in the black. He added that the township highway equipment is old, requiring expensive maintenance, and that funds are insufficient to purchase new equipment.

Sparks explained that all townships have had the same difficulty, and that the last State Legislature authorized a 17½ increase in the tax levy to help resolve the difficulties.

Mosquito Control
A dispute arose among electors and township officials because of lack of provisions in the budget for a mosquito control program.

George Gibson claimed that a mosquito program was promised for this year at last year's annual meeting, but Sparks said he later was advised by the township attorney, the state's attorney and the Township Officials Association that the township cannot legally use tax funds for mosquito control.

He said a mosquito abatement district, similar to fire protection districts, could be established by petitioning the circuit court to hold an election.

Gibson called for action to set an election at the June 11 primary, but Donald Buckley, township attorney, doubted that this could be done.

Sparks added that it would cost the township \$12,000 a year to operate the program, and that some areas now conduct voluntary programs financed by civic organizations and individuals.

\$1000 Junk Yard Fee
The electors also were vocal, and more successful, in a proposed ordinance increasing junk yard fees from \$50 to \$300. Town Clerk George Warnecke said the hike would bring the township to the same level as other townships in the county and make the area less attractive to prospective junk dealers.

The township now has no junk yards. To make the area even less attractive to dealers, a motion was entered by James Slinger to increase the fee to \$1000. Despite a warning that it might be found illegal in court, the higher figure was approved by a 18 to 0 vote.

Cletus Bedwell served as moderator.

Some electors attempted to change the time of the next annual meeting from 2 to 7 p.m. to attract a larger audience, but Sparks discouraged the change because of lack of facilities available during the evening on an election day.

Rabies Clinics in Nameoki Twp. Set

Nameoki township officials announced today plans for a series of rabies inoculation centers at which pets may be vaccinated.

The rabies clinics will be held April 20 at Bob's Tavern, Third and East Madison streets, 12:30 to 2 p.m.; May 4 at the State Park fire department from 12:30 to 2 p.m., and on May 11 at the Long Lake fire department, Pontoon Beach, from 12:30 to 2 p.m. and Jones Lumber Yard, 1633 Minerva street, 2:30 to 4 p.m.

The inoculations will be administered by Veterinarians L. H. Holt and L. O. Tadlock at a fee of \$3 for each pet, according to Township Supervisor Harry Briggs, who announced arrangements for the clinics.

Official Tax Rate For Levee District Due This Month

Completion of tax books for the Quad-City area will be held up until the latter part of this month in an effort to eliminate the practice of extending last year's tax rate for the East Side Levee and Sanitary district, Miss Eulalia Hotz, Madison county clerk, told the Press-Record today.

For the past three years the county clerk has been required to include the tax rate of the levee district for the previous year in completing computation of tax extensions for Granite City, Nemo, Venic and Chouteau townships because of long delay by St. Clair county officials in determining the district's assessed valuation.

Miss Hotz said today that Daniel Ring, St. Clair county clerk, has assured her that the levee district's valuation will be determined by the end of this month. This would permit the Madison county tax extension division in Miss Hotz's office to use a current rate figure.

The announcement came simultaneously with an expression of concern by levee district officials over extension of a rate which levee district attorney John Sprague described as an unofficial rate subject to tax objections.

Tax Objections Filed
Sprague told the levee district board in its regular meeting yesterday that some action must be taken to eliminate the practice since several tax objections were filed against 1966 taxes collected last year on grounds that the rate extension was illegal.

Miss Hotz adopted the practice of using the levee district's previous rate on the basis of a legal opinion by former State's Atty. Joseph Bartylak after delay by St. Clair county in completing assessment extensions threatened to hold up completion of Quad-City tax books in 1965 to such an extent that many area taxing agencies would face serious financial difficulties. In recent years St. Clair county has been from six months to nearly a year behind in assessment and tax extension work.

Miss Hotz pointed out that if the official levee district assessment is made available by the end of April, the delay in the Quad-City books should not be too long nor too serious. Sprague told the levee board that only a few objections were filed on the basis of the old rates, and that only a small amount of tax money is involved. He said, however, that the potentiality of further objections if the practice were continued should expedite all efforts to use current assessment figures in determining the rates.

Trailriders Elect Hafley as President

Fifty members attended a regular meeting of the Trailriders Club Tuesday evening at the YMCA. A special election was held as the present president, Don Doza, resigned due to ill health.

The new president will be Lewis Hafley and Virgil Travis as vice-president. Mrs. Louise Bloodworth will serve in the newly created office of treasurer.

New members welcomed were the Tom Jones family, John Lusk and Miss Nancy Dawson.

Mrs. Geneva Barnhart, a guest, showed a film of the parade honoring the 25th anniversary of the Army Depot, in which horses from the club participated.

Events to take place in April will include an Easter egg hunt on April 13 at the Club's Arena for members and their families. A special trailride with Madison County Trailblazers Club will be conducted on April 21 at 1 p.m. at the club's arena and anyone who resides locally with a horse is welcome.

Plans were completed for a rummage sale to be held at the Knights of Pythias Hall, 20th Street and Cleveland Blvd., on April 27. During the afternoon of April 27, the members will attend a Family Day at Busch Memorial Stadium, St. Louis, at 2 p.m.

Family Services Agency Annual Meeting Monday

The annual dinner meeting of the Family Services Agency of Southwestern Illinois will be held at 6:30 p.m. Monday at the Roundtable restaurant, Collinsville. About 100 persons are expected to attend.

New directors and officers to the agency's governing board will be selected at the meeting. Current local board members include Dr. Felicia D. Koch, Terry W. Francis and Randall Robertson. Mrs. Harold G. Baker Jr., of Belleville is the retiring president.

Principal speaker will be Grady Murdock of Chicago, director of the Inner City District of Family Services Bureau of the United Charities of Chicago, whose topic will be "Family Life and the Crisis in our Cities."

Murdock, who has a master's degree in social work from the University of Chicago, directs one of the largest family counseling agencies in the United States. He will review his experiences in developing a program to fulfill the needs of families living in "inner city" areas.

The Family Services Agency, a marriage and family counseling service, is supported in this region by four area United Fund agencies, including the Tri-Cities United Fund which allocated \$4200 toward the agency's operational expenses this year.

During 1967, the agency provided services to 54 Quad-City families. Local clients are interviewed in the offices of Coordinated Youth Services, 1255 Niedringhaus avenue. Appointments may be made by calling 876-2353.

Depot Officers Relate Bright Side of Vietnam

Life for the American GI in Vietnam is not all jungles, sweat, and combat, and a hazardous duty according to a trio of Granite City Army Depot officers, who described their experiences in Southeast Asia at Tuesday's meeting of the Granite City Rotary Club.

Introduced by the Rotary program chairman, Lt. Col. David V. Fox, Granite City Army Depot deputy commander, Major Charles W. Delano Jr., Capt. Chaplain John Paul Jones and 1st Lt. John R. Barrett, all are recent Vietnam returnees, now stationed at the local military installation.

Col. Fox, also a Vietnam veteran, related where each of the military guests was based during his overseas duty, pointing the area on a large map.

Major Delano reported the region in which he served as an advisor to the district military and civilian chiefs was located in the southern provinces of South Vietnam.

Chaplain Jones discussed the different forms of Buddhism found in that country, including those commonly known as Methodist-Buddhist or Presbyterian-Buddhist. He stated that very effective work has been accomplished by the Christian Science Church, working primarily among the Montagnards,

a tribal mountain people, who are spirit worshippers, similar to the early American Indians.

The Montagnards were also discussed by Lt. Barrett, who said they are considered the most fierce soldiers among the Vietnamese, whose allegiance, when given, is unquestionable.

Due to the influence of American "western" movies, many Vietnamese refer to the Montagnards as "Indians."

Lt. Barrett presented a series of colored slides detailing many activities enjoyed by the GIs during off-duty hours. Many scenes showed the servicemen participating in beach parties, water skiing, at USO entertainment centers and working with children in orphanages.

Pleasant experiences enjoyed by the off-duty troops contrasted sharply with several slides showing civilians searching trash containers and dumps for food, clothing, and other provisions.

All three officers commented on the beauty of the Vietnamese countryside in contrast with glimpses viewed by the American public via television newscasts.

Arthur Koepfer, Rotary president, conducted the business session. Plans were announced for a benefit "chili supper" on April 17 at the YMCA. Tickets, at \$1 each, are available from Rotarians.

\$500,000 Suit Filed; Boy Burned at Dump

A \$500,000 suit was filed Monday in Madison County circuit court for a six-year-old boy who was burned at the Chouteau Island Landfill last Aug. 28.

Defendants are the Chouteau Island Landfill Corp., the Olin-Mathieson Corp., and the Midwest Sanitation Service.

The boy is Randy Lee Bowman of Sandoval, who was visiting grandparents in the Granite City area and was playing at the landfill when he allegedly was burned by chemical compounds. The Illinois Trust Co. was appointed his legal guardian last February in Marion county circuit court.

The complaint alleges he was severely burned by chemical compounds which came from a 200-gallon drum dumped by Midwest Sanitation, causing his body to be "permanently scarred, disfigured and crippled."

The suit charges the landfill operator with negligence and carelessness, claiming it left exposed certain harmful chemical compounds.

HONOR MRS. PORTELL
The Birthday club honored Mrs. Emma Portell with a surprise party at her home, 2024 Edgewood avenue, Tuesday evening.

Mesdames Kay Sykes and Imogene Biggs were hostesses. The honoree received many gifts and was presented with a large decorated cake by the members.

A dessert course was served from a table decorated in the

birthday theme with colors of orange and brown.

Others present were Mesdames Joan Plebanek, Sharon File, Beverly Dawson, Helen Frazier and a guest, Mrs. Betty Lyday, a sister of the honoree.

WEBSTER PTA WILL ELECT NEXT WEEK
The executive board of the Webster PTA met Tuesday at the school with Miss Elise Girard, president, presiding.

Discussions were held on a safety patrol party and the school picnic, which is to be held May 8 at Wilson Park.

A report was heard from Mrs.

Jackie Watkins, chairman of the nominating committee. A slate of officers will be presented to the members at the April 8 meeting for election.

The program will feature a "youth demonstration" with several second grade students participating under the direction of Alan Bruggemann, physical education teacher at Webster.

Refreshments will be served by the fourth grade room mothers.

Board members attending were those mentioned and Mesdames Shirley Tolen, Betty Woodmore and Mae Lee and Principal Clyde Lee.

MISS DOROTHY HINSON

ROLLETTES HONOR MEMBER ON BIRTHDAY

Mrs. Edith Wofford was hostess to her club, the Rollettes, Monday evening in her home, 2106 Ohio avenue.

The birthday of Mrs. Mary Wofford was observed and she received a gift from her Secret Pal.

In games, prizes went to the hostess, Mrs. Jeannette Wilson and Mrs. Clara Adams, a guest.

Using an Easter theme for her table appointments, Mrs. Wofford had a "bunny" centered on the table surrounded by miniature Easter baskets later used as favors. She served Mexican food.

Others present were Mesdames Nellie Nicol, Helen Randolph, Marilyn Aldridge, Reatta Rodefeld, Betty Brooks, Bonnie Voight, Connie Tinsley, and the above named. The next meeting will be with Mrs. Randolph 2217 Dewey avenue.

ALL THE FISH YOU CAN EAT
Friday, 88c Grant's Skillet

Miss Dorothy Hinson, 1530 Third street, Madison, has been appointed to the office of national vice-president of the Phi Tau Omega sorority, it was announced this week.

An English and "block of time" teacher at Coolidge junior high school, Miss Hinson succeeds Mrs. Bernice McCoy, Des Moines, Ia., who moved up from vice-president to president due to the death March 18 of the national president, Mrs. Ruth Neymeyer, Cedar Falls, Ia.

A member of the Beta chapter, Miss Hinson was runnerup in national voting for vice-president at the 1967 convention of Phi Tau Omega.

She will serve as vice-president until the 1968 national convention June 21, 22 and 23 at the Lodge of the Four Seasons, Lake of the Ozarks, in Missouri.

Phi Tau Omega is a social and philanthropic sorority. Miss Hinson has served as a national officer three times before, as corresponding secretary, treasurer and organizer.

She has held all the offices in her chapter, and is chapter president this year. Beta chapter is based in East St. Louis.

Miss Hinson also has held positions in several other organizations, having been district president of the American Legion Auxiliary and a neighborhood chairman for the Girl Scouts. She is no white state chapeau (president) of the Eight, and Forty of Illinois.

1968-69 ELKETTES OFFICERS installed Tuesday evening are: left to right—Mesdames Ann Pieper, trustee; Mildred Jungels, treasurer; Alice Ellledge, membership secretary; Wilma Russell, vice-president;

Mrs. Eftimoff Named Chairman

Mrs. Vasil Eftimoff has been appointed vicinities chairman of the St. Louis Symphony Women's Association in Madison county. As chairman, Mrs. Eftimoff will organize coffees designed to present the activities of the St. Louis Symphony to interested women in the area.

Next year's season will include 24 concert pairs, from September through May, with concerts on alternate Thursday evenings and Friday afternoons and on Saturday evenings.

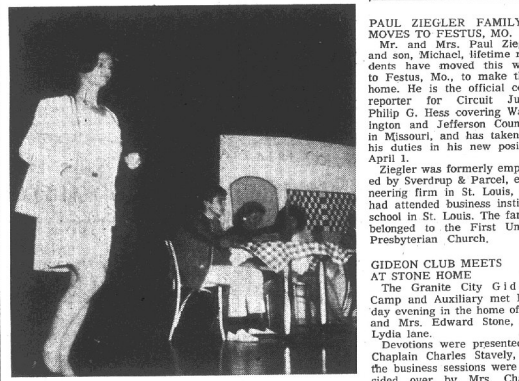

The Sunday Festival of Music series will include ten concerts in a more popular vein at 3 p.m. Sunday afternoons.

More information on season subscriptions is available from Mrs. Eftimoff, 2800 Michigan avenue.

Dean Graf, corresponding secretary; Ruby Parker, president; Lois Cruise, guard; Marion Willard, chaplain; Anna Mae Jenkins, trustee; and Margaret Roberts, trustee.

350 View Benefit Style Show Given by Junior Service Club

More than 350 persons attended the annual Fashion Show sponsored by the Granite City Junior Service Club Tuesday evening, held at the Granite City Senior high school. Using the theme Affaire de coeur, Ronald Pennell and Mrs. Gloria Skobish served as commentators for 17 children models, 28 teenage models and 25 adult models.

General chairman was Mrs. Rena James and her committee included Mesdames Dorothy Melkamp, Carol Tritsch, Jean Ann Vrenick, Mary Schaffner, Bernice Fitzpatrick, Eva Burns, Candy Kawula and Charlene Pubman. Fashion models were provided by Carps, Gills, Leaders, Libson, Neiders, Richs, Schermers, Tops N' Bottoms, Trantlers, W. T. Grant and Helman.

Jack Johnson of Johnson Music store provided the organ music and a singing trio included Vicki Mercer, Janice James and Debbie Knapp accompanied by Charles Swick.

The Granite City Junior Service Club was organized in 1931 by Mrs. Henry (Mae) Luaders and is both philanthropic and social. In the past five years the members have earned in excess of \$800 which has been used to support charitable projects. The money is earned by projects such as the annual fashion show and flea market.

During this time the club has spent \$2170 for eye examinations and eyeglasses for needy school children, \$2190 for student nurses and donated \$900 to the scholarship Foundation.

Easter Party For Sorority

Mrs. Mildred Jungels and Mrs. Melba Tarpoff were hostesses Wednesday evening to the Phi Tau Omega Sorority at the Rose Bowl.

Using an Easter theme, they used pastel colors with pink predominating and lavender lighted candles. A large paper mache Easter egg, opened and filled with green grass and fresh forsythia, was the main centerpiece. Four smaller bouquets of decorated eggs on stems were arranged to give the impression they were tulips centered on the dining tables. At each place setting was a purple Easter nest with a special decorated egg as favors.

Winners in games were Mrs. Ruby Overbeck, the 80 honor prize, and Mesdames Bernice Gracie, Irene Louis, Margaret Holland, Helen Hoelscher, Thelma Grissman, Elsie Rodell, Mary Egan, Irene Cook, Celestine Lucas, Ann Little, Dorothy Johannmeier, Mary Letz, and Mrs. Fimm.

The next meeting will be in May at the home of Mrs. Burman, 212 Briarwood.

The Ruth Ford circle met with Mrs. Florence Paul, 2032 Illinois avenue, Tuesday, April 2, "Help Wanted."

Refreshments depicting the Easter season were served to 14 members and three guests, Mrs. Elsie Staudt, and Mrs. Darlene Hartzell, and those mentioned. Closing prayer was by Mrs. Fimm.

The next meeting will be in May at the home of Mrs. Burman, 212 Briarwood.

Less Than 2 Weeks Left To File 1967 Income Tax

Returns from Hospital

Mrs. Violet Kassabaum, 915 Twenty-fourth street, had returned home from Memorial Hospital in Belleville but will return to the hospital in about four weeks for additional surgery.

ALL THE FISH YOU CAN EAT

Friday, 88c Grant's Skillet

Why not get busy and prepare and file your income tax return now? Less than two weeks remain before the deadline for filing.

This was the advice given to taxpayers today by Jay G. Philpott, district director of Internal Revenue for Central and Southern Illinois.

He said that under the present schedule, returns showing

a refund due are being processed and made ready for check mailing within five weeks from the time the tax return is received at the center.

Longer Processing Later

During the expected late rush, issuance of refund checks could take from seven to eight weeks or more after the receipt of the returns.

Philpott urged all taxpayers to prepare their returns now and avoid the last minute rush. He said this would allow them time to recheck all entries.

Recent figures indicate the principal reasons for erroneous or incomplete returns are: use of wrong tax table, line or column; mathematical errors; missing documents (Forms W-2, statement or schedule);

missing signature and omitted or erroneous Social Security number.

He also emphasized the importance of using the pre-addressed, gummed label which is on the form received through the mail with the income tax package.

Philpott went on to explain that this label is prepared in duplicate and, if taxpayer is required to file an estimated tax return, he may detach the top label and affix it to his estimated tax return for 1968; then the Form 1040 is ready, with the bottom label attached, to be used for filing his income tax return for 1967.

"If you have someone else prepare your return," said Philpott, "it will be to your advantage to take with you the

form with the pre-address label attached. If his form is used, it will speed the processing of your return in the service center."

All returns showing an overpayment of tax, whether it is to be credited to 1968 estimated tax, applied to U. S. savings bonds or refunded, should be mailed direct to the Internal Revenue Service Center, Kansas City, Mo. 64170.

As a final inducement to prepare and file their returns now, Director Philpott reminded taxpayers that the last weekend of the filing period coincides with the Easter weekend, which most people prefer to have free to enjoy with family and friends rather than working on a tax return in order to beat the filing deadline.

Silent Movie Sheet Music Given SIU-SW

Remember the days of silent movies and the mood music used to accompany them? Southern Illinois University-Southwestern campus has acquired a collection of sheet music and orchestral arrangements used in early day St. Louis movie theaters. The collection is a gift from Elmer Booker of Greenville, brother of Ralph Booker, longtime St. Louis musician.

The sheet music and 125 recordings of Armed Services Radio programs have been presented to the Lovejoy Library at the Southwestern campus.

Mabel Murphy, Fine Arts librarian, said the Booker collection would be added to the growing music research library.

Revive Blue Star Flags, Pins as Service Symbols

Revival of the world war II blue star flags and lapel buttons has been ordered by the U. S. Department of Defense, according to announcement this week by Col. Charles Hoskin III, commanding officer of the Granite City Army Depot.

The new directive permits display of the flags at the homes of members of the immediate family of active duty men and women and by organizations which have members in the armed forces. The lapel buttons may be worn by members of the servicemen's immediate family.

Hoskin quoted the defense department announcement as saying that the Service Flag and

Lapel Button will be basically the same as that of world war II, a blue star on a white field surrounded by a red border. Families with two or more members of the Armed Forces on active duty may display flags with a corresponding number of stars.

In the case of the death of a military member while on active duty, a smaller gold star will be superimposed over and within the border of the original blue star.

Commercial Use Prohibited

An "immediate family" which may display the flag is designated as wife, husband, mother, father, stepfather, stepmother, parents through adoption, foster parents, children, stepchildren, children through adoption, brothers, sisters, half brothers and half sisters. Use of the flags for commercial or advertising purposes is prohibited.

The new flags or buttons must be purchased from commercial sources to whom the Army will grant certificates of authority to manufacture and sell the items.

Manufacturers who want to enter into the business of making and selling the emblems should address applications to the Commandant, Institute of Henry, U. S. Army, Cameron Station, Alexandria, Va., 22314.

The items probably won't be available for several months, it was said. Exchange officials said if there is enough demand the service stores will stock them. During world war II relatives, mostly parents, displayed the flags in their front windows and shops and factories had larger flags with a star for each of their employees in service.

Vacancies in Municipal Nursing School Class

Applications may still be made for the fall 1968 freshman class at the St. Louis Municipal School of Nursing, it was announced by the co-directors, Miss Minnie E. T. Gore and Miss Wilma M. Metzger. It admits qualified high school graduates, both young men and young women.

A successful score on the American College Test, given routinely in many high schools, is an entrance requirement for admission. Applicants who have taken the test should ask that the results be forwarded to the School of Nursing. Other students may make arrangements to take the test at their own high schools.

Applications and questions concerning admissions requirements may be directed to: St. Louis Municipal School of Nursing, 1515 Lafayette Avenue, St. Louis, Mo. 63104 or to 2516 Goode Avenue, St. Louis, Mo. 63113.

Miss Carol Ann Hauptman, daughter of Mr. and Mrs. J. M. Hauptman of 2609 Center street, and Miss Doris Anne Ray, daughter of Mr. and Mrs. J. F. Kopsie, 2839 Pershing Blvd., are members of the junior class.

God, Community Awards Presented Girl Scouts

God and Community Awards were presented recently to three Girl Scout members of Central Christian Church. Rev. James R. Craddock, pastor, presented the awards to Diane Parrish, daughter of Mr. and Mrs. David Parrish, 2544 Waterman Avenue, and Lela and Shirley Brokaw, daughters of Mr. and Mrs. Jerry Brokaw, 3124 Aubrey Avenue.

The awards were presented after a year of close work and study with the pastor. Involved are learning church history, world missions of the denomination, regular attendance and performing service projects to the church.

Diane Parrish is a member

of Cadette Girl Scout Troop 242, led by Mrs. Opal Davis. Lela Brokaw is a member of Cadette Girl Scout Troop 25, led by Mrs. Doris Votaw. Shirley Brokaw is a member of Senior Girl Scout Troop 121, led by Mrs. Wilma McQuinney.

Dr. Rackham Nominated As McKendree Prexy

Milburn P. Akers, president of the board of trustees at McKendree College, Lebanon, announced today that Dr. Eric N. Rackham has been nominated for the presidency of the 140 year old Methodist-affiliated institution.

Dr. Rackham, now executive dean of educational and student services at Kent State University, Kent, O., will succeed Dr. Edwin E. Voigt, retiring president.

Dr. Rackham was nominated by a special presidential selection committee composed of trustees, faculty and students. He has been confirmed by the executive committee of the McKendree board of trustees. His name will be presented to the board for a formal vote during a May 4 meeting. He is expected to assume duties July 16. Rev. R. Paul Sims is a member of the board.

The 56 year old president-designate is the son of a Canadian Methodist minister. He earned a Bachelor of Arts degree at Mount Allison University. He holds a Master of Arts degree in English and a Doctor of Philosophy degree in student personnel services. Both graduate degrees are from the University of Michigan.

EDITORIAL

'Ma, If I Could Only Skate Or Fight Or Run Fast....'

By Gerald Green, Trident Press, 1967, 306 pages, \$3.95.

(Reviewed by Nicholas Joost, editor of the publication, "Papers on Language and Literature," at the Southwestern campus, Southern Illinois U. Review published in the Daily Egyptian, SIU Department of Journalism, Carbondale.)

At first glance, Green, like Mark Twain, seems to have written a "hymn to boyhood" with all of the underlying terrors and fears to be found in Tom Sawyer.

He has taken one day (July 1934) in the life of Albert Abrams, twelve, twelve, Kipling and London, last to be chosen for any game, and baseball statistician extraordinary, and has preserved this golden, timeless day as perfectly as a fossilized insect in amber.

Read in this nostalgic manner, the novel might belong to that long line of "schmaltz" dealing with Jewish childhood which may soon overwhelm us.

There is, however, another strain in the novel far removed from the American experience.

Just as Albert is unable to resolve his intellectuality, his awareness of being named after his inability to act without thought, so was Isaac Babel

unable to resolve his Jewishness with the brutality of reality.

Albert rails at fate, in this case his mother, "Ma, I would throw every single book I have into the furnace, and flunk the next I.Q. test, if I could only skate! Or fight! Or run fast!" Babel's wish is more basic but of the same kind: "I continued on my way, imploring fate to grant me the simplest of pleasures—the ability to kill my fellowmen."

Albert is to grow up, move into the suburbs, have children who will be insulated from the knowledge of the streets, and look back yearningly, but with fear, at an experience so compelling and so frightening that even an adult he cannot fully understand it.

Babel, in 1939 or 1940, was to understand only too well when he met his death in a Russian concentration camp.

For the intellectual in America, the fast death in a Russian concentration camp.

In either case, the inability to move from the life of contemplation to the life of action, or, at best, the lack of ability to synthesize the two—is fatal.

Choose a Reliable Contractor For Residential Improvements

(Tri-City and Illinois Bar Associations)

Many property owners will fall prey to glib salesmen and contractor promises this spring unless they take certain precautions.

As a first rule, a homeowner should check carefully the reputation of any home improvement contractor with whom he plans to do business.

The great majority of home improvement contractors are completely reliable businessmen who are proud of their records and will offer the names of local banks and building material supply firms as references.

In addition to checking such references, homeowners should take advantage of all the legal protections that are available to them, both as a protection against fraud and as a matter of good business practice.

Here are 10 rules you should follow if you plan to contract for any improvements or repairs of your property this spring or at any time:

(1) Ask relatives or friends to recommend contractors with whom they have had satisfactory experience.

(2) Call the local Better Business Bureau (Chamber of Commerce office) to determine whether any complaints have been lodged against the contractor.

(3) Ask the contractor for references, including the names of customers whose projects were similar to what you have in mind. Ask to see photographs of those jobs and visit one or more of them.

(4) Pay a call at the contractor's business address to see if he has an office and a stake in the community.

(5) Make sure your contractor has public liability insurance covering injury to others on the work site.

(6) Obtain any necessary permit or permits from village or municipal authorities. Generally, a permit is required to build a garage, to make an addition to the house or to alter or expand electrical wiring or the plumbing in the house.

(7) Require a written contract. This should state the work to be done, price to be paid, materials to be used, and the date of completion. Materials should be described by type and grade of quality. Substitutions should require the owner's consent.

(8) Make a down payment of no more than 25 percent of the total cost. A small down payment protects you should the contractor default, leaving you with bills to be paid for labor and materials.

(9) Make further payments as the work progresses only when the contractor shows proof that he has paid labor and material costs for work already performed.

Workers and suppliers can legally require payment by the property owner if they are not paid by the contractor.

If the work is extensive, arrange with a bank, mortgage company or other financial institution to handle payments to the contractor.

Such institutions are familiar with vouchers and waivers used to show that tradesmen and suppliers either have been paid or have waived any claims against the property owner.

Payments will be made to the contractor only when he has provided such waivers and receipts.

(10) Finally, don't select a contractor simply on the basis of a low bid. Consider all of his qualifications. A low bid may represent an underestimate of the costs of doing the right job for you.

Assembly Should Adopt Guidelines in July For Redistricting Local-Level Government

Now that the U. S. Supreme Court has extended the one-vote concept to county and city governments (it was applied to Congress and state legislatures four years ago) no time should be wasted in implementing it.

The court is interpreting the equal protection clause of the 14th Constitutional Amendment as requiring that each resident have a vote whose weight is substantially equal to the vote of every other resident.

Its ruling Monday applied to the makeup of the county governing body in Midland County, Tex. As features of the state, the opinion said, political subdivisions must avoid disparities in voting district population just as they must not abridge freedom of speech, establish an official religion, arrest without probable cause or deny due process of law. Cities, towns and counties were specifically mentioned.

Much progress has been made in the Quad-City in equalizing board size, although Granite City and Madison are still faced with the task of eliminating one present ward in each city.

It seems doubtful that Madison county currently complies closely enough with the one-vote requirement, even though its township elect varying numbers of county board members according to their census count. Because action of disproportionate elected governments are subject to challenge, Illinois has a responsibility to set up redistricting machinery as soon as possible. Without such guidelines, reapportioning of county boards is much less likely to proceed expeditiously.

The subject should be placed near the top of the agenda for action by Illinois legislators in their special session beginning July 15.

St. Clair Avenue Capacity, Safety Improved By One-Way Council Vote

Creation of one-way traffic on the two separated sections of St. Clair avenue at this week's Granite City council meeting was an excellent move.

The attractive center parkway has been divided this spring by installation of crossing lanes at each block, eliminating any potential access inconvenience that might have resulted.

The one-way designation improves the value and capacity of St. Clair as a vehicular artery and also makes it much safer than two-way traffic was crowding both sides.

Broadened Sales Tax Base Illegal Because Four Service Occupations Were Singled Out

Outright tax increases being unpopular, legislators usually favor broadening of the base as a means of obtaining more revenue without changing the basic rate or percentage. Nobody complains, except those newly affected by the tax.

That there is "many a slip 'twixt the cup and the lip" was proven once again Thursday when the Illinois Supreme Court overturned the service occupation tax, which had been expected to produce at least \$70 million or \$140 million in additional revenue over 2% of the \$6-200,000,000 budget for July 1967-June 1969.

Due to the uncertain legality of the service tax, which had been challenged in the courts immediately, the funds in recent months were placed in "protected" accounts rather than being expended by the state, counties and cities. About \$24 million is in escrow and presumably can be returned to taxpayers, if a method of doing this can be found.

The 5% tax (4 1/4% to the state and 1/4% to cities or counties) applied to special machines made for graphic arts, drugs sold by pharmacists, and repairs on such personal property as autos and television sets. The high court held it was invalid because it violated the constitutional requirement that taxes be assessed uniformly.

The basic 4% (3 1/4% state and 1/4% city-county) service occupation tax on miscellaneous sales and service occupations remains in effect.

Already scheduled to reconvene July 15, the General Assembly will face a more difficult task than disposing of the several hundred bills filed this year for its consideration. Unless there can be enough spending cutbacks, additional funds will need to be found.

One consolation for the legislators, who will be deliberating at a time when the important general election is only about three months away, is that any new tax voted in the special session will be bipartisan in nature. Republicans control both the senate and house but lack the two-thirds margin required for passage.

Gl Joe Still Has a Sense of Humor

The Vietnam war has been called "tragedy on a treadmill" due to the steady loss of life without attainment of visible objectives. Fortunately, American fighting men have been able to inject a bit of humor into their daily routine, slightly easing the burdens and frustrations of the war while still devoting full attention to their duties.

Utilizing brush pens, GIs are decorating flak vests with such slogans as "Caution—may be exploded by enemy" and "clothes helmet covers with such 'hippie' sayings as 'keep California green'—legalize grass (euphemism for marijuana) and 'God isn't dead—just temporarily unemployed.'" Other words of wisdom they include such "black humor" as "W. C. Fields isn't dead; he's alive and drunk in Harrisburg, Pa."

Even sailors have gotten into the act, decorating the hulls of U.S. aircraft carrier in the Vietnam area with "A collision at sea can ruin your day."

Behind every successful man is a surprised mother-in-law.

No one is rich enough to do without a neighbor.—Danish proverb.

A hangover has been defined as the wrath of grapes.

Same Exemption Can Be Claimed By Son in College and Parent

(Internal Revenue Service)

Q—My son is working his way through college. If we continue to provide over half his support, can we still claim him as a dependent?

Q—Yes. As long as you provide more than half his support and he is a full-time student, the amount of his income will not disqualify him from being claimed as a dependent.

Q—If your son is required to file a return, he may also claim his personal exemption. This is one exception where the same exemption may be claimed on two tax returns.

Q—I loaned some money to a friend who is now in business. The business failed and he can't pay me back. Can I deduct this loan as a loss?

A—If you have taken reasonable steps to collect the loan and if there is no likelihood that the debt may be recovered even by going to court, then you may deduct the amount.

Q—The amount of the payments could entitle you to claim the child as a dependent, since they are over \$200 a year, unless your ex-wife can clearly show that she provided more.

Report it on Schedule D of Form 1040.

Check page 3 of the 1960 instructions for details.

Q—I sent my ex-wife \$110 every month last year to support my daughter. Is this money deductible?

A—Child support payments are not deductible and do not have to be declared as income by the recipient.

Q—The amount of the payments could entitle you to claim the child as a dependent, since they are over \$200 a year, unless your ex-wife can clearly show that she provided more.

Visa Policy On Eastern Europeans

(U.S. Department of State)

This year Yugoslavia, Bulgaria and, I believe, several other Eastern European nations will be visitors from other countries to travel without visas.

If I am correct, the continuation of this policy was contingent upon reciprocal action of the other nations within a year.

What we like to know is whether the United States plans to allow Eastern European citizens to travel here without visas.

If it is not the case, I would be curious to know our reasons for not reciprocating.

Dear Miss D.: It is not possible under current law for East European nationals to enter the United States without a visa.

Section 211 of the Immigration and Nationality Act provides that no immigrant shall be admitted to the United States unless he holds a valid immigrant visa.

Section 214(b) of the Act provides that every alien shall be presumed to be an immigrant until he establishes to the satisfaction of the consular officer at the time of application for admission in his country of origin that he is entitled to non-immigrant status.

Finally, Section 212(a)(26) of the Act provides that no person in possession of a valid visa or border-crossing identification card shall be inadmissible to the United States.

The U.S. has abolished for years the fee for visas issued to Yugoslav, Bulgarian and Romanian nationals coming to the United States on temporary visits for pleasure.

For any persons from those countries are likely to benefit from this reciprocal arrangement.

Since the governments of those countries, and particularly the latter two, do not make it easy for their citizens to obtain the exit permits required even for temporary trips abroad.

WHY ARE CITY'S HANDS TIED ON DOGS, DEBRIS?

To the Editor: What has happened to law enforcement in Granite City? This is a question uppermost in the minds of many of its citizens.

Why are packs of dogs permitted to roam the streets while begging and scavenging? Does someone have to be bitten before the humane officer makes an effort to get them up? Apparently this is true.

Cleveland, Benton, Delmar and State from 26th street to the downtown area is a haven for loose dogs from full grown German Shepherds, poodles, all roaming, unmuzzled.

Garbage cans are being overruled by the contents, and the contents are being overruled by the garbage.

The humane officer is called and he asks the police for cooperation of everyone in trying to find the animal. Why aren't these loose dogs being picked up?

Isn't there an ordinance?

I'm sure there is, and we'd like an answer as to why it isn't being enforced.

On Saturday morning I was very nearly bitten by a dog which came at me from a porch. Had I not been carrying a sizable paper, which I swung toward him, I'd have been a victim.

This dog runs loose from Benton to State streets and perhaps elsewhere and is out all day. I called the police, and was informed, they couldn't do a thing—that I'd have to call the humane officer.

I phoned him and the dog pound; the receiver was taken up but no one would speak. This happened three times.

Just what is going on?

Are the taxpayers providing a nursemaid out there for these stray dogs while we have to put up with a city full of roaming dogs? Whose hands are being tied, and by whom?

How can the mayor ask citizens to help in a clean-up campaign when they're given no help from the city?

The "clean city" minded citizen can only be responsible for his property, which means littering the streets with trash.

See to it that stray dogs are picked up, garbage cans covered, and the streets cleaned.

Granite City could certainly use some city ordinances such as have been put on the books in neighboring cities—the ban on noisy motorcycles, a law against working on old cars in the street, and an effort to curb juveniles who roam the streets destroying property and using foul language.

I might also mention that Benton to State streets is a haven for loose dogs from full grown German Shepherds, poodles, all roaming, unmuzzled.

Garbage cans are being overruled by the contents, and the contents are being overruled by the garbage.

The humane officer is called and he asks the police for cooperation of everyone in trying to find the animal. Why aren't these loose dogs being picked up?

IMPROVED PATIENT CARE discussed in the intensive care unit at St. Elizabeth Hospital by Marie Pardus, RN, (left), assistant head nurse; Prof. Lucille McClelland of the SIU-SW nursing division; and Carol Pieper, RN, staff nurse.

"Team conferences are important for identifying patients' needs, increasing communications, and ascertaining effective use of the staff," Mrs. McClelland asserts.

"The nurse serves as the coordinator for total patient care," she said in summary, "and makes a unique contribution to this end by defining the goals for the care of each patient as an individual. As coordinator she combines the science of nursing with the art of nursing. . . . This scientific and professional approach to nursing care ultimately provides better services for the patient."

Utilities Major Items On City's Bill List

Major payments approved by Granite City council members Monday night were to utility firms—\$230 to Illinois Power Co. for street lights and \$1038 to East St. Louis & Interurban Water Co. for March rental on 398 fire hydrants.

of \$993 to H. W. Lochner Co. for engineering on the new sanitary sewer project, \$357 as the city's share of the Illinois Municipal Retirement fund for March and \$300 paid to Mary Neoth for settlement of a suit against the city for a fall over a tree stump.

The payroll for the first half of April was approved in the amount of \$45,642, and the sick leave payments for the last half of March for city employees amounted to \$960.

Taxes due on the assessments made this year are payable in 1969 on the basis of tax levies adopted meanwhile by taxing agencies within the various districts. The uniform ratio of assessments this year will be 50% of fair market value.

Assessors Begin Annual Personal Property Canvass

The annual assessment of personal property by deputy township assessors was begun in the Quad-Cities and other Madison county townships Monday. The assessment is begun each year on April 1 in accordance with state law.

Among items to be assessed by deputy assessors are passenger autos, trucks, buses, trailers and mobile homes; household furniture and furnishings according to the number of rooms; other personal property including boats, motor, airplanes and other items.

Some persons of limited means, such as relief clients, the aged or sick, are put on a non-assessment basis because the expense of ultimately collecting a tax would exceed the tax itself and add to existing hardships.

If a taxpayer is not at home when the assessor calls, a form and envelope are left in the door. The form is to be mailed to the assessors office within three days. If they fail to do so, the assessor may estimate the amount of the assessment and add a 50% penalty.

It's Always Child Welfare Month With Legion Unit

Tri-City Unit 113, American Legion Auxiliary, called attention today to the observance of "Child Welfare Month" through the problems and needs of our community and ways in which our organization can help in solving them. We stand ready to cooperate with other organizations and agencies to create and maintain the best possible community environment for all children.

Mrs. Adeline M. Dishong, child welfare chairman of Unit 113, pointed out that the American Legion, now nearing its 50th year as a national organization, never has changed its original slogan: "A Square Deal for Every Child."

The slogan is based on the belief that no child should be without the necessities of life and wholesome environment at home and in the community to assure his becoming a happy individual and a good citizen, she noted.

Have Two Goals
The Child Welfare program of the American Legion auxiliary has two goals, Mrs. Dishong said, one to assure the care and protection for children of veterans and, secondly, to improve conditions for all children.

"The increase in crimes committed by juveniles, the use of LSD and other hallucinatory drugs, the laxity in censorship of books, magazines and movies and disrespect for law and order are problems of grave concern to the American Legion auxiliary," Mrs. Dishong noted.

"They are a greater threat to the security of our nation and the welfare of our children than an armed enemy," she added. "Moral decay has been the downfall of great empires. Who has a better understanding of why we must combat these destructive forces than the wives and members of the men who have served our country to preserve the birthrights of every American child?"

Mrs. Dishong said, "We of

Tri-City Unit 113 believe an ounce of prevention is worth a pound of cure. We are studying the problems and needs of our community and ways in which our organization can help in solving them. We stand ready to cooperate with other organizations and agencies to create and maintain the best possible community environment for all children.

"Tri-City Unit 113 also supports the long-established projects of its state organization, particularly for those children of veterans cared for at the Illinois Soldiers' and Sailors' Children's School at Normal. The projects there of 'Cottage Sponsorship' with special holiday gifts, birthday parties and other remembrances, as well as furnishing spending money for those children with no funds of their own are but a few of such activities.

"The unit also contributes toward the organization's major project of a Christmas gift for every veteran's child in an Illinois institution and the fund for the sponsorship of nine Indian children in the Southwest to enable them to attend school on an equal basis with other children of their ages."

Four Hohit Salesmen Will Be Honored

Four members of the sales staff of B. E. Hohit, Inc., 1837 Madison avenue, will be honored for outstanding sales performance during 1967 at a Ford 300-500 Club banquet this month.

Hohit said the average 300-500 Club member sold nearly \$500,000 worth of automotive merchandise in 1967 to qualify for the national honor. Those to be honored at the St. Louis district banquet are James R. Parker, R. E. Baker, William Ogden and Theodore V. Dineff.

House Oks Bill To Aid Police

Rep. Melvin Price (D), East St. Louis has cosponsored the House of Representatives for passing unanimously a bill he originally sponsored to provide compensation for policemen who are killed or injured while apprehending a criminal or enforcing a federal criminal law.

The final tally in the House was 375 to 0; the bill now goes to the Senate for final approval. Rep. Price introduced a proposal similar to the House passed measure in April of 1967. In a release at that time, and in subsequent testimony in support of his proposal before the House Judiciary committee, Rep. Price suggested that this type of measure would alleviate the severe economic hardships which have kept many qualified individuals from seeking a career in the law enforcement field. He contended that better training and improved compensation rights would offer one method for improving whatever shortcomings that may exist in our criminal justice system.

In his statement Thursday the congressman said that he considered this bill to be a

step in the right direction and expressed hope that the House of Representatives would soon pass President Johnson's Safe Streets and Crime Prevention Act which would provide training and operational assistance to local police departments. He sees the compensation measure just passed by the House and the Safe Streets Act as essential components in a total federal effort to reverse the rate of increase in crime.

Township Bills Total \$9694

Township disbursements totaling \$9694, including \$8005 for relief and \$3889 for town fund purposes, were approved Monday night by Granite City council members meeting as the town board.

Accepted by the council were the March reports of Supervisor Nelson Hagnauer, who said there was \$51,430 in the general assistance fund, on March 31. Total disbursements in March amounted to \$11,275. In the town fund, the month-end balance was \$34,304 and disbursements totaled \$3966. In the Illinois Municipal Retirement Fund, the March 31 balance was \$872. Disbursements total \$399 for the month.

Area Rainfall Only Half Of Normal in 1st Quarter

Rainfall of only 1.07 inch, less than half the normal fall, was recorded for the Quad-City area during March, it was reported Tuesday at the Chain of Rocks locks where weather records are maintained for the U. S. Corps of Army Engineers.

The March rainfall total was 1.27 inch below the month's normal of 2.94 inches. It also increased to only 3.29 inches the total rainfall for the first three months of this year, 3.07 inches less than the 6.36 normal fall for this period.

Records show only 1.34 inches fell in January, compared to a normal of 1.98, and only .88 of an inch was registered in February against a 2.94-inch normal.

In addition to recorded rainfall, however, a total of six inches of snow was registered in March—four inches on March 12 when .07 of an inch of rainfall was recorded, and two inches of snow on March 13 when .06 of an inch of rain was registered.

Rainfall was recorded on only eight days during March, all of them in light amounts except

on March 16 when .65 inch was recorded. A trace, consisting of amounts of moisture too light to be measured, was registered on four days of the month and no reading was made on 19 days.

The March rainfall was only a slight increase of .19 inch over the February fall of .88 inch and 27 inch less than the January fall of 1.34 inches.

Dairy Queen to be Constructed Near Grigsby Jr. High

A modern Dairy Queen building is to be constructed at a cost of \$30,000 at Pontoon road and Division street, across from the new Grigsby Junior high school, according to a building permit obtained by realtor John Sobol of the Madison county building official Friday afternoon.

Sobol said it will be the most modern Dairy Queen facility in the nation. Dimensions are 40x50 feet. Howard Steele Construction Co. is the contractor. The building permit was one of 18 issued during March for new construction in Nameoki and Chouteau townships, listing values of \$241,550. They include 10 new homes.

Twelve of the permits were issued for Nameoki township, with values at \$206,950, including eight homes, and the other four for Chouteau township with values at \$34,600, including two new homes.

Permits for homes in Nameoki township were issued to Howard Steele Construction Co., four with brick and wood siding in Arlington Heights at \$25,000 each; Coleman Beatty, brick in Parkway Estates at \$25,000 each; and the other two in Nameoki Estates at \$25,000 each; Elmer C. Barnhart, brick in Northland Estates No. 2, \$18,500; Larry Doty, brick and siding in Lakeview Terrace, \$17,500; and Russell Lewis, brick in Maryville Heights first addition, \$17,000.

Permits for other purposes in Nameoki township were issued to C. Mack Cook, a room addition in Nameoki Acres, \$12,500; Frederick E. Reed, a bedroom and porch in the second addition to Miracle Manor, \$700; and James Watts Construction Co., a temporary office trailer in Dream Villa No. 5, \$2,500.

Chouteau township permits issued to George L. Arnold, two brick homes in Moline Acres, \$13,500 each; Robert Blackard, a porch in Paradise Acres, \$1,000; Egyptian Radio Club, a trailer in Chouteau Park, \$3,000; Marshall A. Wilson, an addition in Mitchell Gardens, \$1,000; and John Worthen, a room addition in Brooks second subdivision, \$2400.

Complex Status of Service Occupation Tax Explained

Impact of the March 28 Illinois Supreme Court ruling against 1967 service tax amendments was explained this week by the Illinois Department of Revenue.

A spokesman noted that "the State Service Occupation Tax rate reverts to 3 1/2%. County Service Occupation Tax rates revert to 1/2% of 1%, and there presently exists no statutory authority for a county to increase its Service Occupation Tax rate to 3 1/2% of 1%."

"Most Municipal Service Occupation Tax rates revert to 1/2% of 1%, but because of House Bill No. 257, which has not been held unconstitutional, if a particular municipality (as happened in the case of Chicago) in changing its Municipal Service Occupation Tax rate since last July to a 3 1/2% of 1% rate measured by gross receipts, merely amended its existing pre-July 1967 Municipal Service Occupation Tax Ordinance, that municipality will still have a 3 1/2% Municipal Service Occupation Tax rate, with the tax being measured by the servicemen's cost price of tangible personal property transferred as an incident to service."

"In order to ascertain the effective Municipal Service Occupation Tax rate for each municipality, it should look at its return form for April carefully upon receiving it. It will show the Municipal Service Occupation Tax rate applicable."

No Effect On Retailer Tax

He stressed that the Supreme Court's decision had no effect on municipal or county retailers' occupation taxes. Where these taxes have been increased to 3 1/2% of 1%, by appropriate ordinance or resolution, the rate continues to be 3 1/2% of 1%. The increase is in effect in the Quad-Cities and Madison county.

Another result of the latest Supreme Court decision is that special tool and machinery producers who meet the tests for exemption from retailers' occupation tax set out in paragraph 2 of retailers' occupation tax law.

Collide in Madison

Cars driven by Wazyl Kozuruz, 1332 Seventh street, Madison, and Wesley L. Green, Baldwin, Mo., were damaged at 5:20 a.m. Tuesday in a collision at 13th street and Madison avenue, according to a report to Madison police. Kozuruz was headed north in Madison avenue and Green was headed west on 13th street when the collision occurred. Kozuruz's car was damaged in the right front and Green's car in the left front.

tax Rule 3, printers and other graphic arts servicemen, tangible personal property repairs, dental laboratories and other suppliers of dentists, and other service tax item suppliers—if they discontinued their registration with the Department of Revenue since last July—must promptly re-register and

again act as service tax collectors. "Servicemen who will not engage in the business of selling tangible personal property at retail, and who will pay tax on all their purchases of tangible personal property, should notify this department to discontinue their registrations."

The law reverts, retroactively, to what it was before Aug. 1, 1967. Because of this, servicemen owe Service Occupation Tax back to Aug. 1 on their cost price of tangible personal property purchased since then for transfer as an incident to service. The State Service Occupation Tax rate applicable to such cost prices is 3 1/2%.

The spokesman said, "We believe that this tax should be deducted from any refund that may be made from the protest fund of the state treasury. Such refunds from the protest fund as there may be will be supervised by the circuit court of Cook county."

"No amounts paid into the protest fund may be deducted as an offset against any Service Occupation Tax liability which may otherwise be required for remittance to this department in the future."

Servicemen who have not been regarded as being taxable since last Aug. 1 under the unconstitutional 1967 amendments either on gross receipts or the cost price of tangible personal property, but who have bought such property for transfer as an incident to service (such as doctors, dentists, optometrists and other related professions, barbers and beauticians, funeral directors as to embalming fluid, laundries and dry cleaners as to container items, sprayers as to spray applied for customers, (and many others) are liable to the department on such purchases back to Aug. 1 and should promptly remit such tax.

No Penalty This Month

"The same is true of the four categories of servicemen who were regarded as being liable for service occupation tax measured by gross receipts under the 1967 amendments, to the extent that such servicemen failed to remit the tax. If it is remitted by April 30, it may be paid without any penalty or interest."

"In general, in the future, servicemen will pay the Service Occupation Tax to suppliers who again must assume the burden of also being retailers and who handle their own tax accounting to the state."

Except as just noted, suppliers are required to begin collecting the tax from servicemen on sales of services tax items

6 Local Swimmers Will Compete in State Meet

Six Granite City youths will compete Saturday in the Illinois YMCA Boys' Swim Championships, to be held at the new George Williams YMCA College pool at Downer's Grove, Ill. Five will swim under the auspices of the East St. Louis "Y," with the group's sixth member representing the local YMCA.

Each of the contestants qualified for the state meet last month by capturing first and second place trophies or meeting qualifying times at the District IV elimination trials in Decatur.

State competitors, age group and events are:
Bill Beatty, 15-17 years, 200-yard, 100-yard and 50-yard freestyle; Mark Buenger, 9-10, 100-yard individual medley, 25-yard breaststroke and 100-yard most-likely relay.

Eric Cunningham, 13-14, 100-yard butterfly and 100-yard medley relay; Dick Skirball, 15-17, 100-yard breaststroke; Michael Baggot, 9-10, 100-yard medley relay; and Steve Bozian, 11-12, 50-yard breaststroke. The latter youth represents the Granite City YMCA.

Competing in the Illinois YMCA Girls' championship swim meet at Monicello College, Godfrey, last weekend, Ann Bickhaus, daughter of Mr. and Mrs. Ernest Bickhaus, 2028 Manley avenue, broke the existing state record and took first place honors in the 100-yard butterfly event, with a 1:01.5 minute, 65.5 seconds.

Also recording a first place finish in the 25-yard breaststroke event, Karen Reisinger, daughter of Mr. and Mrs. Herbert Reisinger, 2242 State

street, missed equalling a state record for 9-and-10-year-olds by one-tenth of a second. Her winning time was 18 seconds flat.

A total of 37 YMCA swim teams, including several from the Chicago area, were represented in the girls' state swim contest hosted by the Alton YMCA.

In addition to setting a new state record in the 100-yard freestyle, captured by Dorothy Shimkus of Collinsville, and a fifth place ribbon in the 13-14 medley relay event.

Karen Reisinger also took second place in the 100-yard individual medley and fifth in the 9-10 medley relay. Her younger sister, Judy Reisinger, competing in the eight years and under division, received a second place trophy in the 25-yard breaststroke and a tenth place ribbon in a medley relay contest.

Two other local swimmers competing in the state finals under the auspices of the East St. Louis YMCA, who placed in relay events, were Mary Clair Beatty, whose relay team captured fifth in the 9-10 division and Kathleen Baggot, a member of the eight-and-under relay squad which took a tenth place ribbon.

In addition to those named, other girls represented the local YMCA in individual and relay events during Saturday's contest.

Top scorer was Betty Rhoads, a contestant in the 13-14 age group who tallied a third place win in the 100-yard backstroke and a sixth place ribbon in the 200-yard individual medley.

Kathy Bozian received a third place trophy in the 25-yard breaststroke for eight and under, and Danette Brown, fourth place in the 25-yard butterfly for 9 and 10-year-olds.

Two local winners taking seventh place ribbons were Patti Kollerher, 25-yard breaststroke in the 9-10 division, and Cindy Carpenter, individual medley, 13-14 age group. The latter also finished 11th in the 100-yard freestyle.

A sixth place and two seventh place ribbons were recorded by three Granite City YMCA relay teams.

Awarded sixth place in the 9-and-10 mixed freestyle event was a team composed of Danette and Denise Brown, Patti Kollerher and Tim Bozian; while seventh place awards went to a junior squad (13-14)—Maria Kollerher, Betty Rhoads, Vicki Kuberka and Beth Klarich; and 8-and-under—Debbie Sullivan, Audrey Carr, Nancy Byington and Sallie Eibaust.

Swimmers entered in the girls' state contest qualified in District IV elimination trials, held March 9 at Centralia.

Nursing Students Train At Wood River Hospital

Southern Illinois University-Southwestern's nursing division and the Wood River Township Hospital directors have entered a contract whereby university nursing students can gain learning experience.

"We have been exploring hospital facilities in the area," said Prof. Harriet Reeves, dean of the nursing division, "and we believe Wood River has an ideal situation."

During this quarter only sophomores are enrolled in the program but next year it may be expanded to include other classifications, Mrs. Reeves said.

About 20 students are spending three hours a week at the Wood River hospital, with the SIU-SW faculty teaching and supervising.

Venice School Calendar is Set for Aug. 26 to May 23

A tentative 1968-69 calendar for Venice public schools, adopted by the board of education Monday evening, calls for a total of 182 school attendance days, starting Aug. 26 and concluding May 23.

Teachers' institute days, usually noted in the schedule, have not yet been set and are not included in the tentative calendar, Supt. John O. Pier told the board members.

He added that the 182-day calendar exceeds state requirements for mandatory school attendance by five days, enabling the addition of institute days when dates are established.

Aug. 26—First day of school (Monday); Sept. 2—Labor Day—school dismissed; Oct. 11—end of first six-week period (32 days); Nov. 11—Veterans Day—school dismissed; Nov. 27—end of second six-week period (32 days); Nov. 28—Thanksgiving holidays—school dismissed; Dec. 26—last day of school before Christmas; Dec. 28—Christmas Day—school dismissed; Dec. 29—first day of school after Christmas; Dec. 27—last day of school before New Year's.

Jan. 1—New Year's Day—school dismissed; Jan. 2—first day of school after New Year; Jan. 17—end of third six-week period (29 days) and end of first semester (95 days); Feb. 12—Lincoln's birthday—school dismissed; Feb. 28—end of fourth six-week period (29 days).

The tentative calendar shows:

Venice Band Students Await Contest Medals

Venice high school band students are awaiting receipt of medals they won during a recent state solo and ensemble contest held at the Carbondale campus of Southern Illinois University.

Harry Long won a first place medal with a baritone solo, and second place medals were won by Terry Rumpf with a trumpet solo and Deborah Fecite with a trombone solo.

A superior rating was earned by a drum ensemble composed of David Scaturro, Tony Ochoa, Fred Scaturro, William Young, Harold Gortner and Deborah Fecite.

Pledges Fraternity
William Len Fuchs, 2404 Angela drive, a student at Purdue University, has pledged Phi Delta Theta social fraternity following mid-year rushing.

Two Area Seniors Now Practice Teaching

Two area seniors at the University of Illinois at Urbana currently are fulfilling their practice teaching requirements prior to receiving degrees in teacher education. They are:

Dennis Durbin, 1644 Venice avenue, at Stephen Decatur high school in Decatur; and Maureen Lander, 1001 Douglas street, Venice, at Bottenfield elementary school in Champaign.

Pledges Sorority
Alice Jean Cross, daughter of Gertrude Cross, 2462a Cleveland blvd., has pledged Alpha Phi social sorority at the University of Illinois. She is a freshman majoring in English education and is active in Star Course and as secretary of her pledge class.

DeMolay 'Officials' Honored by City

A special ceremony was conducted at the start of Monday night's Granite City council session when Mayor Partney presented framed certificates to officials of the DeMolay Chapter who last week served as temporary city officials Thursday afternoon for a belated observance of DeMolay Week.

The youthful officials were congratulated by the mayor and drew a round of applause from the council members as the certificates were presented.

Receiving the certificates were James Fitzpatrick, who served as mayor; Charles Hileman, fire chief; Richard Lowe, police chief; Stephen Hileman, city clerk; Randy Fowler, city commissioner; and Keith Darnier, city treasurer.

McKendree Announces 53 Work-Study Grants

Conz. Melvin Price has announced that the Office of Education has awarded 53 work-study grants totalling \$16,000 to McKendree College.

The grants are designed to assist needy students in meeting educational expenses through part-time employment. The federal government will provide 85% of time work-study payroll with McKendree providing the remainder. The awards are for the period July 1 through Dec. 31.

State Teacher Federation Meeting Friday, Saturday

The 30th annual convention of the Illinois Federation of Teachers, AFL-CIO, will meet Friday and Saturday at the Gateway Hotel in St. Louis.

A record number of delegates representing 35,000 teachers is expected to attend.

Local delegates will include Ronald Ganschneitz and Gary Craig from Venice, Mrs. Jeanette Morris, Mrs. Marion Sims and Bernard Long from Madison and John Boyer, Robert Johnson, Gordon Galbraith, Dick Huff and David Painter from Granite City.

Mrs. Beverle Williams, presently teaching at Mitchell school, is the secretary of the executive board of the IFT and is also the convention chairman.

Resolutions to be considered will include a request for a massive increase in state fiscal aid to education, along with a plan to rally teachers throughout the state to appear in Springfield during the July 1968 legislative session to demonstrate the teachers demand that Illinois begin immediately to provide the equal and adequate educational opportunity promised every child by the law.

Congress will be asked to increase federal aid to education from the present level of approximately \$5 billion to at least \$10 billion in 1968 and to at least \$15 billion in 1969, to provide the year round education programs for youth equivalent to the American Federation of Teachers "More Effective Schools" program.

Pfc Larry Fuller Arrives in Vietnam

Pfc Larry Fuller, 20, son of Mr. and Mrs. James E. Fuller, 1604 Minerva avenue, has arrived in Vietnam from Fort Lewis, Wash., this month. He is assigned to the 4th Engineers (Inf.) in Pleiku.

A 1966 graduate of the local high school he was employed at General Steel Industries prior to going into service Aug. 18, 1967. He received his basic training and advanced combat Engineers instruction at Fort Leonard Wood, Mo.

His wife, the former Miss Betty Jane Strains of Murphysboro, Ill., is making her home with his parents while he serves overseas.

Record Number of Farms In Feed Grain Program

A record number of Madison county farmers have signed to participate in the 1968 feed grain program, according to Lee Rogers, office manager of the ASIS office at Edwardsville. Rogers said that on the basis of preliminary reports 997 farms have been signed to participate this year, compared with 940 last year and 759 in 1966.

Rogers said a new record division also is planned by producers participating. Preliminary estimates show plans for diversification of 16,148 acres from production of corn and grain sorghum this crop year. The total is considerably higher than the previous record of 15,000 and 1966 programs.

Stop Sign Change
R. W. Delbridge, Overland, Mo., was charged with a stop sign violation at 2:28 p.m. Monday at Niedringhaus avenue and Chestnut street.

Venice Baptist Church Completing Renovation

The First Baptist Church of Venice is undergoing a complete renovation program at the present time, which will restore it almost as a new church under the leadership of Rev. Howard Priest who recently arrived at the local church.

The sanctuary has been completely remodeled with new lights, new floors of tile, new carpets in the aisles and on the platform, new ceilings and new walls, and a new Baptistery. Following this remodeling project, the workers under the direction of John Boschard will begin renovational program in the basement.

The church, under the direction of Rev. Priest, has increased the Sunday school attendance and several new members have been added to the membership through Baptism in the past three months.

Rev. Priest first came to Venice in 1962, when Rev. A. B. Sadler was pastor, as the evangelist in revival. He returned in 1963 and the fall of 1967 at which time the congregation of the church extended an invitation to him to become their pastor. He has done much evangelistic work through the states of Missouri and Illinois in the past ten years and was selected by the Missouri Baptist Convention to be one of the 140 evangelists to travel to Australia to conduct revival meetings there, under the direction of the Missouri Baptist Convention and the Australian Baptist Convention.

Rev. and Mrs. Priest have three sons, the oldest is 5p/6 Jesse Leon now in Vietnam with the helicopter unit, the second son, Irvin is studying for the ministry and is in college at Joplin, Mo., and the third son, Ronnie, who is eleven, is at home.

Two Conduct Charges
Leonard Bartim, 19, of 2139 Washington avenue, and Jimmie Dobbins, 21, of 20th street and Washington avenue, were arrested Monday in the 3000 block of Washington avenue on disorderly conduct charge. They pleaded not guilty before Magistrate M. Matosian, who set a trial date for April 23.

City to be Sued By Fall Victim, Council Learns

Mrs. Pauline Smith, 1740 Spruce street, advised the city of her intention to sue for personal injuries sustained in a sidewalk fall last March 1 at 2 p.m. on the southeast corner of Niedringhaus avenue and Maple street.

The notice was presented to the city council Monday night and was referred to City Atty. Allen.

In other miscellaneous business, the council took note of the second annual Conference of Regional Councils to be held in St. Louis May 22-24 with the East-West Gateway Coordinating Council to be the host.

Mayor Partney urged local participation, saying the purpose of the convention will be for governmental agencies to discuss common problems in metropolitan coordination and to exchange information on projects and programs.

Sidewalk Hat Sale

Permission was given the Downtown Granite City Shop, 19th street and Edison avenue.

Also received by the council was a letter from officials of the St. Louis Football Cardinals, asking for representation at any council session where community antenna television (CATV) might be taken up.

David McNair, an official of the professional football team, said some cities ordinances are being adopted to prohibit bring in the games from distant stadiums into areas where there normally is a black-out. He added that attendance at home games must be at a high level to survive.

Air Pollution Complaints

Two aldermen voiced air pollution complaints — Merriell, who said he had been called last week to view soiled clothing on outside lines at three places in the 2000 and 3000 blocks of Washington avenue and Iowa street, and Alderman Poulos, who said he had complaints from the 2100 blocks of Adams and Benton streets.

Poulos also called upon the mayor as city liquor commissioner to write letters to all taverns and private clubs advising them of the Sunday closing hours between 2 a.m. and noon. The alderman, who did not pinpoint any locations, said he had heard the law was being violated.

Approval was given for City Atty. Allen to attend a two-day meeting of municipal attorneys in Chicago May 10-11 with allowance of \$150 for expenses. The conference is being conducted by the Illinois Municipal League and to be taken up are

Venice Boy Scouts Plan Barbecue Sale

Plans were completed this week by Venice Boy Scout Troop One for a two-day public barbecue project, set for Saturday, April 27, and Sunday, April 28, at Venice-Madison American Legion Post 307 on Broadway.

Scoutmaster Fred Rumpf and Jack Tolliver, chairman of the troop's executive committee, today announced that serving will begin on both days at 11 a.m. and continue until late evening.

Tickets at 50 cents per serving may be purchased in advance from troop members and executive committee members, or obtained at the time of the barbecue event. Sales are confined to take-out sandwich orders, Rumpf said.

Rufus Ochoa, assistant scoutmaster, and adult advisory board members are assisting the youths in coordinating the project. Proceeds will be used to further troop activities during the summer.

John S. Wagner Named To GSI Division Post

John S. Wagner, former assistant to the president of general steel industries, Inc., has been appointed vice-president-administration of the company's Standard Pipeprotection Division at St. Louis, according to announcement this week by W. Ashley Gray Jr., GSI president.

When acquired by GSI in 1964, the division had four plants. It now has eight plants and will continue to grow, Gray said. A. Ross Eckman succeeds Wagner as assistant to the president of GSI, Gray announced.

such topics as zoning, building codes, licensing and municipal finances.

Authorization was given for Police Chief Veizer and Sgt. Michael Devine to attend the annual conference of the International Association of Identification to be held April 26-28 at Rock Island with \$100 each for expenses and for Deputy Civil Defense Director David John to accompany CD Director Victor Koenig to a national conference to be held May 5-7 at Springfield. He is to have an \$80 expense allowance.

Equipment Bids For Vocational Center Reviewed

A representative of the Illinois Department of Public Aid has inspected the new Lincoln vocational training facility in Venice and expressed satisfaction with preparations being carried out to enable new courses to be started soon.

Venice Supt. of Schools John O. Pier informed school board members Monday evening.

Operations at the new vocational school are jointly financed with state and federal funds, allocated by the Public Aid Department, State Office of Public Instruction and Illinois Department of Rehabilitation.

Supt. Pier said Mark Peterman of the state public aid office in Springfield toured the building and conferred last week with school officials.

Pleased But Anxious

"He was pleased with our progress so far, but anxious to get classes going on a day-time basis and the proposed new courses started as soon as equipment can be installed," Pier related.

Classes in typing and bookkeeping were expected to commence April 1 at the newly-opened center, but, however, that complex order of new equipment, office machines, furnishings and accessories have proved more extensive an undertaking than originally believed.

"This project is the same as equipping a completely new school building, from desks and chairs to filing cabinets and a variety of equipment," Pier said.

He pointed out that selection of varied types of machines affording students an opportunity to practice on several makes, models and degrees of difficulty, manufactured by different concerns, is a large task in itself.

Confer This Week

It was recommended that the board's purchasing committee, composed of Jack Tolliver, Fred Rumpf and Elmer Taylor, meet with the administrator and Assistant Supt. Robert N. Vickers later this week to review bids submitted for the machines and other items.

In addition to equipment needed to set up the typing and bookkeeping phase of instruction, committee members and school officials will investigate preliminary cost estimates involving other items, including heavy equipment required in establishing several phases of the vocational program.

The Venice training center eventually will provide instruction in machine shop, automotive repairs, commercial sewing, welding, drafting, blue print reading and graphic arts.

Program papers relating to the latter courses must be completed and submitted to state authorities within the next six to eight weeks, Pier explained.

He said officials of the sponsoring agencies are eager to receive estimated costs of the entire program for inclusion in budget for the fiscal period which starts July 1.

Girl Faces Two Charges

Donna Barlow, 18, of 4012 Mueller avenue, Mitchell, was arrested at 10 p.m. Tuesday on a charge of battery in a complaint filed by Carolyn Davis and on a charge of disorderly conduct in a complaint signed by Linda Boyer.

RR Crossing Repair Suggestions Galore Monday Night

Railroad crossing repairs—a topic at the last six Granite City council sessions—were again debated Monday night, ending with instructions to City Atty. Allen to determine if railroads can be forced to post bonds of at least \$1000 to guarantee repairs.

Alderman Poulos said he noted that the city of St. Louis plans to take railroads to court under its ordinance requiring bonds and is demanding repairs to 300 crossings, with the city to do the work and bill the railroads, if the firms fail to carry out the work.

He suggested the city adopt the same type program, and the council agreed for the attorney to study state statutes to see if the city has such authority.

Threat of Barriades

Another suggestion was for local industries to be notified

GC Taxpayers to Pay \$367,000 More This Year

Granite City property owners will be billed this year for \$367,147 more in local taxes than they were billed for payment a year ago, a computation of tax statistics showed today.

On the basis of new tax rates for the 1967 tax year Granite City taxpayers will be charged with payment of \$7,336,337 when tax collections get under way this summer. Last year local tax extensions under a lesser 1966 tax rate amounted to \$6,969,790.

These statistics are based on local property assessments determined by the Madison county Board of Review and do not include railroad and capital tax extensions.

The overall tax rate for Granite City for the 1967 year has been set at \$4.394 per \$100 assessed valuation. This figure includes the combined tax rates of the city, park district, county, school district, township and levee district.

The rate, applied against a 1967 local property assessment of \$166,976,285 determined by the review board, produces the \$7,336,337 potential tax income for the 1967 year.

Last year's combined tax rate for Granite City was \$4.347 per \$100 assessed valuation, which applied against the 1966 local valuation of \$160,335,655 produced the 1966 tax bill of \$6,969,790.

An increased tax bill this year thus results from application of a 1967 tax rate which is 4.7 cents higher than last year's overall rate, against a new 1967 valuation of \$166,976,285 which is \$6,640,630 higher than that of last year.

2 Arrested at Bridge Face Weapon Charges

Two brothers from St. Louis were arrested by Venice police at 9:30 p.m. Tuesday and booked on weapons charges, after they had been asked by Granite City officers to be on the lookout for the two men.

Authorities said they spotted a car answering the description given them by Granite City officers and stopped it at the toll station on McKinley bridge.

Police said they found a .22 caliber pistol and a .22 caliber pistol, both fully loaded, on the seat of the car.

Booked were John Woodward, 35, and Ethen Woodward, 22. They were released on recognizance bonds pending hearings in magistrate court April 8 on charges of unlawful use of a weapon.

to make repairs to their crossings with the threat that the city would barricade the tracks if the work was not done.

Alderman Green reported that Union Star & Refining Co. had patched its crossing.

Patching at other crossings also has been carried out, but the aldermen complained that at 22nd street, the holes were reappearing.

Street Supt. Warfield said he had a crew patch a "large, dangerous hole" at the 20th street crossing, and suggested the council might authorize the street department to do the work on an emergency basis.

Council members reminded

him that the city has been advised it accepts the liability if it carries out the repair work.

Meeting Recommended

Several aldermen pointed out that mainline crossings are in fair condition, but that most crossings used by local industries are badly in need of repair. A meeting of the mayor and street superintendent with industrialists also was a suggestion made.

Another suggestion was for the crossings to be resurfaced with asphalt by the city and bills sent to the railroads. "Let them take us to court," Alderman Parmley commented.

Green added that the rail-

roads making patch repairs should be required to do better work. "The patches are knocked out almost as soon as they're put in," he commented.

In reviewing steps taken to date, Mayor Partney said letters had been written to officials of all railroads and to the Illinois Commerce Commission several weeks ago. "We demanded repairs and for surveys of the crossings, but nothing has come about yet," he added.

He suggested the council review its older laws, stating he believes there is on 1896 ordinance covering crossing repairs.

Building Permits Issued

Permit for construction of two 5-room brick homes along Kennedy drive, has been issued by the city of Madison to Robert Turner, it was reported Tuesday. Cost of the construction is estimated at \$22,000. A permit also was issued to the St. Louis Outdoor Advertising Co. to replace two billboard signs at 818 State street and 824 Madison avenue, in Madison.

Leaves Scene of Mishap

An unknown driver turned into the path of an auto driven by Paul S. Berkich, South Roxana, causing a collision, and then left the scene at 7:40 p.m. Monday at Route 203 and Maryville road.

GC Man, 34, Charged In E. Alton Shooting

Charles E. Norris, 34, of 2512 Jorden avenue, was charged with aggravated battery Monday in connection with the shooting of James R. Larrick, 24, of Wood River, early Saturday morning on Route 3 at East Alton.

Norris was held in the East Alton jail over the weekend in lieu of \$10,000 bond but was to post bond.

Larrick was a passenger in another car being chased by two other autos when a slug went through the trunk and hit him in the shoulder. He was taken to St. Elizabeth Hospital here for surgery.

The shooting occurred at

Granite City PRESS-RECORD

about 1:20 a.m. following an argument at a tavern. Police said Norris claimed he was unaware a bullet had struck anyone.

Five persons were stopped in an auto by Granite City police early Saturday at East 27th street and Nameoki road in connection with the shooting but they were not held. Norris was not one of them.

In Memoriam 33
In loving memory of my husband, LEO J. HEINEMANN, who passed away one year ago today, April 4, 1967.
But your earnest desire to do for others, proved a score of faithful friends you had won. How shared together, trying to relieve the endless pain. Never weakened your everlasting faith even though prayers seemed in vain. God's will must be to true. Tiers the Master called. He had gone and prepared a place for you to rest. Your good nature and winning smile has made years spent together a pleasant memory. To have the strength, wisdom and courage to believe as you will be my prayer until eternity.
Sadly missed by Wife, Children, Sisters, Relatives and Friends. 33-4-4
In loving memory of my father, LEO J. HEINEMANN, who passed away one year ago today, April 4, 1967. Today recalls sad memories. Of a loved one gone to rest. Those who think of you today. Are the ones who love you best. What would give to see you smile. To sit with me and talk a while. The blow was sudden, the shock was severe. To part with one I loved so dear. I often sit and think of you. Things you used to say and do. I wonder why you did not die. I would have a chance to say goodbye.
Sadly missed by Your loving daughter, Jo Ann. 33-4-4
In loving memory of JACK R. HAWKINS, April 4, 1967. Sadly missed by wife. 33-4-4
In loving memory of ARTHUR T. ANDERSON, April 6, 1968. Sadly missed by wife and family. 33-4-4
In loving memory of J. PERCY HAWKINS, April 9, 1962. Heavy are our hearts today. Memory brings them back once more. To the time when they were with us. To the happy days of yore. Sadly missed by the family. 33-4-4
In loving memory of HARRY T. HAWKINS, April 4, 1962. Nothing can ever take away the love a heart holds. Memories linger every day. Remembrance keeps him near. Sadly missed by Wife and Children. 33-4-4

PUBLIC NOTICE

FEDERAL AID ROUTE 132 (MARKED ILL. ROUTE 111) AT COUNTY HIGHWAY 35 (SAND CUT LANE) MADISON COUNTY

All interested persons are advised that an improvement of Federal Aid Route 132 (Illinois Route 111) intersection with County Highway 35 (Sand Cut Lane) between Collinsville and Granite City is being planned by the State of Illinois, Department of Public Works and Buildings, Division of Highways.

This work consists of reconstructing Illinois Route 111 from approximately 1500' south and 2200' north of the existing intersection with County Highway 35. Approximately 3600' of County Highway 35 will be relocated approximately 500' north of the existing intersection. The Illinois Route 111 portion of the project will be characterized with left-turn lanes provided. This project is an improvement being done under the State of Illinois Safety Improvement Program.

Plans for the proposed improvement are available for inspection at the office of the District Engineer, Division of Highways, in French Village, 6800 St. Clair Avenue, East St. Louis, Illinois.

Any interested citizen may request that a public hearing be held concerning the proposed improvement by delivering a written request to the District Engineer, Illinois Division of Highways, East St. Louis, Illinois on or before the twenty-fifth (25th) day of April, 1968. In the event such a request is presented, a further notice of the time and place of hearing will be published.

ROBERT E. KRONST, District Engineer, Illinois Division of Highways East St. Louis, Illinois 34-44-11-18

FIRST-AID, CAMPOUT FOR SCOUT TROOP 15

Boy Scouts of Troop 15 worked on first-aid badges during a meeting Monday evening at the Eagles home on Madison Avenue. Those advancing in rank were Jeff McIlroy to second-class and Brad Cowan to first-class.

Plans were made for a 14-mile hike on the Piasa Trail in Alton April 13. The scouts also discussed the Lincoln Pilgrimage, which will be held April 28.

Election of scouts to the Order of the Arrow will be held during next Monday's meeting.

A new member, Woody Holbrook, was welcomed by Troop 15, which is sponsored by the Fraternal Order of Eagles.

The troop camped out at the Washington County National Park through Sunday. The campout primarily was for the boys to enjoy fishing, and some also worked on the camping merit badges.

Local Photographers Attend Convention

Local photographers who attended the three-day Illinois state convention of Professional Photographers, were Mr. and Mrs. Alex G. Markuly of Madison and Mr. and Mrs. Calvin Lowrey of Granite City. The convention was held at the Marquette Hotel, Peoria, Ill., and ended Tuesday.

Highlights of the convention were meetings on direct color corrections, small cameras in commercial work, bridal photography, brush oil clinic, executive type portraits of men, art in photography, new photographs from old.

Store Staff to Give Easter Party for Group

The management and employees of Woolworth Co. store will host an Easter party for the retarded children of the area this Sunday from 2:30 to 4 at the store, 19th Street and Edison Avenue.

Entertainment will be provided by a magician Don Menke and the appearance of a large Easter bunny who will present the children with gifts and refreshments.

Non-Science Student And the Physics Course

Can a non-science student find happiness in a physics course? Yes, say Harvard undergraduates, if the teacher is Gerald Holton. Holton is one of

Granite City PRESS-RECORD
Page 44 Thurs., Apr. 4, 1968

six of the nation's distinguished college professors who will be profiled in National Educational Television's "Men Who Teach" series.

The Holton program, the series' premiere, will be broadcast Monday, April 15, at 8:30 p.m. on Channel 9 (Kete).

Holton, a Harvard physics professor since 1959, believes that a science teacher should help the student to see beauty in the physical world. In one experiment he illustrates how sound waves can form strikingly beautiful patterns. Covering a metal plate with sand,

Holton runs a bow down its edge to make various sounds and patterns. Each time he makes a different sound, the sand moves to form a new and interesting design—an unusually shaped star, another a "Jack Frost" snowflake. In his course for the non-sci-

ence student, Holton tries to bridge what author C. P. Snow called the "gulf of mutual incomprehension between literary intellectuals at one pole and scientists at the other." His own philosophy for the course says that people learn differently. Some, he says, learn physics mathematically, others verbally, and still others through first-hand observation and ex-

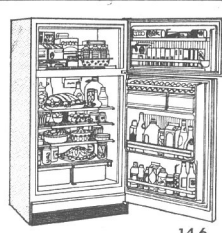

perimentation. To make scientific knowledge available to everyone, even those who will never pursue science as a career, Holton believes that these differences have to be taken into account. His students respond enthusiastically. One undergraduate says he was amazed at being able "to stay awake" during the lectures. Holton, he says,

communicates not only his mastery of the material, but the sense of excitement it generates as well. A Radcliffe girl recalls her amazement on discovering that science had no answers for questions she had posed. For the first time she saw science as a dynamic, on-going field and the discovery became an

important part of her education. "Men Who Teach: Gerald Holton" is a National Educational Television production. Producer: Dan Klugher, Associate Producer: Penny Bernstein, Narrator: Ben Park.

- Tread Life Guarantee Against Defects**
We guarantee the Grantmaster tires against all defects of material and workmanship, for the life of the tread.
Basis of Adjustment: Should your Grantmaster tire require adjustment under Section 1 or 2 of the Guarantee, please return it to Grants and we will replace it by giving you a proportionate allowance for the unused tread, based on the current selling price, including Federal Excise Tax.

- Guaranteed Against Tread Wear**
The original tread is guaranteed not to wear out for the number of months designated. If tread wears out during this period, the tire should be returned to Grants and we will replace it, charging the current regular selling price plus Federal Excise Tax less the following percentage allowance toward the purchase of a new tire.

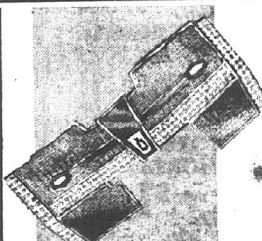

Tire Guarantee	Allowance
16-27 Months	10%
28-40 Months	25%

This guarantee covers tires in passenger car service only. Passenger car tires used in commercial service reduce the guarantee period by 50%.
